my property, and will in a little way be doing something for Gainesville's future—and no town in the State has a brighter one. The defeat of this measure would be the worst blow the city ever received.

S. J. Thomas—The future of the city, the comfort, health and happiness of our people, are all involved in this question. I should be very sorry and much disappointed should it fail to carry.

W. G. Robinson—I am in favor of it because it is in the interest of the health, beauty and business prosperity of our city.

H. F. Dutton—I am for it because I am a friend to Gainesville and interested in the city's prosperity.

C. W. Chase—The carrying of this measure next week will mean that Gainesville's future is secured. There is not a citizen or an interest in the city that will not be benefited. To stop now would be to forfeit all we have gained. We must go forward. I would be greatly disappointed should the people make the great mistake of rejecting this opportunity to put our city in shape for unlimited growth.

H. L. Phifer—I am for it because, as I see it, it is now up to Gainesville to go forward or step down and out. The other Florida towns are bonding for public improvements.

C. C. Pedrick—I am in favor of it. We need the improvements, and must have them.

Marcus Bodel—I am for it, and for anything else that looks to the prosperity and growth of the city.

W. S. Taylor—I am earnest in the belief that the city should own its utilities—that the council have named a board of public works who will operate an electric light plant with profit to the city, instead of paying out about twenty-five hundred dollars for insufficient light.

We will surely get more light for our dark streets, and the plant will at surely give a revenue to pay interest on its cost.

All the arguments so far advanced carefully avoid any reference to municipal lighting which the city pays out every year.

Those who oppose municipal ownership of utilities should refer to the waterworks, and see whether or not it is a losing venture. If a council changing every year can run that at a profit, surely a board of public works of far more than ordinary intelligence will bring equal results from city lighting.

Sewers we must have, or stop right where we are.

H. E. Beason—I have lived in Gainesville and worked hard long for the upbuilding of the city to have back at this stage of the game. I am for the measure and hope it will carry by a big majority.

H. H. McCreary—I shall vote for the bonds, because I believe sewerage to be an absolute necessity for the future prosperity of Gainesville, and if we are to have a prosperous future we must begin now to prepare for it. I recognize the fact that the owners of the electric light plant are giving an excellent service, and think the question of municipal ownership should have been submitted separate from sewerage and street improvements; but I have implicit confidence in the gentlemen who will compose the

J. G. Torrey—Heartily in favor of the measure.

R. E. Taylor—For it most assuredly.

Lee Graham—I am for it all the time.

T. W. Shands, Perry M. Colson, J. B. Rodgers and C. Y. Crawford, all property owners and heavy tax-payers, were approached, and each expressed himself as being heartily in favor of the bonds.

The Taking Cold Habit

...ZENS' MASS ...ING MEETING

...Responded to Invitation of Mayor Thomas Wednesday.

...ISSUE WAS DISCUSSED

...All in Favor of Bonds, ... to Light-...—Executive Committee Appointed.

In compliance with the call of Mayor W. H. Thomas, a large crowd of representative citizens convened at the court house last night for the purpose of discussing the bond issue, the election for which occurs on the 10th inst. In the audience there were several ladies, which was evidence that the bond issue is a prominent one at this time.

The meeting was called to order by Mayor Thomas, who was elected chairman. H. H. McCreary was selected secretary.

Chairman Thomas stated that the meeting was called for the purpose of hearing from the citizens in the matter of the proposed issuance of bonds for the purpose of sewerage, paving and lighting, and the erection of a hospital. He asked those who felt inclined to talk to do so, either for or against the issue. After a brief silence, the chairman called upon Dr. J. Harrison Hodges, who "set the ball rolling" with an enthusiastic argument in favor of bonds.

Following Dr. Hodges, Dr. J. F. McKinstry, who is regarded as one of the most progressive citizens of the city, made a few appropriate and timely remarks in favor of bonds. He was followed by L. J. Barthlin, who stated that his heart and ... for Gainesville's interests. He believed in bonds. Was regretted that the ordinance was so framed that a voter was compelled to cast his ballot for or against the entire issue. He believed in sewerage, streets and hospital, but was not so certain about the municipal ownership of a lighting plant in competition with a plant which was already furnishing good service, and he could not see sufficient patronage for two plants. That was his only objection to municipal ownership.

Attorney Robt. E. Davis, in an eloquent address, stood up for bonds. He cited Tallahassee to show that municipal ownership of the electric light plant would there at a charge of only ten cents per kilowat, notwithstanding it had to compete with a gas plant. He also read from the report of the Jacksonville electric light plant, showing that the same paid handsomely at 7½ cents per kilowat, in competition with a gas plant. His speech was well received, and at the conclusion was heartily applauded.

Chairman Thomas invited any others present who desired to express themselves, but there being no others, a motion was made that a committee of ten be appointed by the chair to serve as an executive committee in this campaign. This motion was unanimously carried, and the chairman stated that the committee would be appointed today.

There being no further business, the meeting adjourned.

VISITING OLD HAUNTS.

P. M. Oliver Tells of a Visit to Scenes of His Childhood.

Editor Daily Sun: Having promised quite a number of my old Gainesville friends and hunting companions to let them hear from me while visiting the State capital and the hunting grounds of my boyhood days on the Gulf Coast, I decided to answer all in one brief letter through the medium of The Sun, if you will kindly grant me the space. While sitting on the embankments of this old Spanish fort, situated at the junction of the St. Marks and Wakulla rivers, in the cool shades of the evening, puffing an Old Virginia cheroot and inhaling the pure air, laden with aroma and ozone wafted by gentle breezes from old ocean, and intently gazing on and admiring Old Sol in all his glory and grandeur in a clear and unobstructed sky, gradually sinking and apparently nodding a "good night," disappearing beneath the rolling waves of the Gulf of Mexico, I am perfectly charmed with the surroundings.

One cannot help but be interested in this old Spanish fort of hundreds of bygone years, when Spaniard and Indian met in deadly combat in all its uncivilized cruelty, dealing out death to each other with bow and arrow and scalping knife and tomahawk. So much for a brief retrospect of this old Spanish fort as the junction of St. Marks and Wakulla rivers, and now for an account of my trip from dear old Gainesville to Tallahassee.

Leaving Gainesville at 7 a. m., over the Seaboard Air Line, we arrived at the State capital at 3:30 p. m., making time without hitch or hindrance. After putting up at the nearest hotel to the capitol, I went to the nearest barber shop for a shave, returned and donned my best suit to call on friends at the capital. On entering the first to meet me was Hon. Clay Crawford, Secretary of State, who succeeded his father, that grand old Roman, the late Hon. John L. Crawford. With his arm around my shoulder he marched me into his private office for a social chat. In a few moments I heard the familiar voice of welcome from Miss Cleon Hampton, one of the leading educators of not only Florida, but of the South, with genial smile and happy face, characteristic of her nature. I was also made welcome in her office, and in an adjoining office I met our worthy State Superintendent of Schools, W. M. Holloway, and Prof. Kellum. I had a right royal welcome from all and was made to feel at home.

Then I took a stroll down the principal streets, to see how many old, familiar faces I could recognize of bygone days. While I have passed through Tallahassee on several occasions within the past dozen years, this was my first stroll over her beautiful streets and shaded walks for 30 years. And oh, what changes Father Time had wrought—scarcely a familiar face. Old gray-haired citizens, whom I left 30 years ago young men in their prime, came up and introduced themselves to me, and some declared I had changed but little in appearance. It made my feel sad and reminded me of an impromptu verse from old Dr. Handy, a grand old man of the Gulf Coast, just before his death:

"O, for my youthful days of joy,
When I went to mass, pity and sing;
I'd rather be a barefoot boy
Than be a gray-headed thing."

You—when I look around me and contemplate the number of younger, some older, and all better, more than I am, am by one shelling off this mortal coil, I'm constrained to think the good Lord thinks a whole lot of me. But what he may be keeping me here for some wise purpose I know not. Be as it may, I'm in no hurry to go, but would like to wipe the slate just as I am, in this beautiful old world 500 years longer. I'm getting old down here, and I fear that on changing climate I might strike a hotter climate in the great beyond.

But I am occupying too much valuable space in your paper (the best inland paper in the State), so in conclusion, let me say to the boys that I'm having a great big old time, hunting, fishing and eating oysters with my dear old brother, Capt. James L. Oliver, never forgetting, however, my friends and Gainesville, my dear old home.

Please continue to send The Sun promptly, or I'll have the blues and make for home. Fraternally,

P. M. OLIVER.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to continue the kidney-poisoned blood will attack the vital organs causing catarrh of the bladder, or the kidneys themselves break down and waste away until by cells.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

SOULWARE SPRING WATER.

No matter if a man only uses water as "a chaser" for concocting more powerful, the first question he asks on inquiring in regard to a city as a place of residence is: "How's the water?"

And people who come to Gainesville and remain for any length of time, are so favorably impressed by the famous Soulware spring, that they are quick to recognize it as the best to be had, not only in this State, but equal to any in the United States, for it comes very near being absolutely pure.

There is no one but what would enjoy a drink of pure water, when thirsty, and as there will be many strangers at the State Fair in Tampa, it has been suggested that a quantity of the Soulware spring water be shipped there for drinking purposes during the time. It could be kept cool with ice and would be an excellent advertisement for Gainesville.

INTEREST IN EDUCATION.

We doubt if there is a city in the State that takes the interest in education manifested in Gainesville, and her loyalty to the schools of the city and State is highly commendable, every citizen doing his share cheerfully to promote the welfare of our schools and taking a pride in their advancement.

When we had the East Florida Seminary in our midst it was the pride of all. There was no disagreement—the entire people were proud of it, and they did everything to make a school for the people, where there was no political or denominational lines. It was a high-grade educational institution, with no factions. The people of Gainesville thought they owned it, but it belonged to the State, and when the State abolished it there were many expressions of sorrow to see the dear old alma pass into history.

But we have our fine city school building, as fine as any in the State, and on Monday its doors were opened for the education of our young people, and there is a lively interest taken in this institution of learning, which should certainly be the case, for we have a faculty in charge that is equal to any in the State, composed of instructors of experience, who take as much pride in the advancement of our University High School as the most ardent admirer of our city and its educational advancement.

Parents and guardians of children in this and the adjoining counties will find the high school in this city up to the standard of the preparatory schools of the State, where young ladies and gentlemen are fitted for the higher educational institutions or for teaching in the district schools, and where they will have the best of surroundings to be had in any city in Florida.

ANOTHER PENSION SCHEME.

The question of old age pension in the civil service has again come to the fore. There has been formed an organization in the government departments to plead for legislation in that line and the initial meeting has just been held at which the principal address was made by W. E Andrews, the auditor of the treasury. Mr. Andrews urged that the clerks should combine to form a common pension fund, and said that with the rapid increase of the government service the question of superannuation pensions would force itself on the people in a few years. The men in the employ of the government should draw the same pension that a retired workman does in the employ of an individual, and not one cent more. Because a man has had a soft job all his life, is no reason he should be pensioned when he is retired.

Lots of men who have been a failure in their business or profession, get places at Washington, and are in reality pensioners during the time they put in four to six hours a day in the government offices, yet they have the nerve to ask for a pension when retired.

Governor Broward has appointed V. B. Sadler of Lake City assistant State auditor to fill the vacancy caused by the death of Hon. E. A. Crawford.

Neuralgia
And Other
Pain.

All pain in any disease is nerve pain, the result of a turbulent condition of the nerves.

The stabbing, lacerating, darting, burning, agonizing pain that comes from the prominent nerve branches, or sensory nerves, is neuralgia, and is the "big brother" of all the other pains.

Dr. Miles' Anti-Pain Pills rarely ever fail to relieve these pains by soothing these larger nerves, and restoring their tranquility.

Dr. Miles' Anti-Pain Pills leave no bad after-effects, and are a reliable remedy for every kind of pain, such as headache, backache, stomachache, sciatica, rheumatism and neuralgia.

They also relieve Dizziness, Sleeplessness, Nervousness, Car-Sickness, and Distress after eating.

"For many years I have been a constant sufferer from neuralgia and headache, and have never been able to obtain any relief from various headache powders and capsules, until I tried Dr. Miles' Anti-Pain Pills. They always cure my headache in five minutes time." FRED R. SWINGLEY, Cashier 1st Nat. Bank, Atkinson, Neb.

Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit. If it fails he will return your money. 25 doses, 25 cents. Never sold in bulk.

BALLARD'S HOREHOUND SYRUP

PERMANENTLY CURES
CONSUMPTION, BRONCHITIS, COLDS, HOARSENESS
ASTHMA, SORE THROAT, INFLUENZA
WHOOPING COUGH AND CROUP

DO NOT DELAY

Until the drain on your system produces permanent disability. The human breathing machinery is a wonderful system of tubes and cells. To have good health it must be kept in good order. A COLD is considered of no importance, yet if it was known by its proper name of "throat inflammation," or "congestion of the lungs," its dangerous character would be appreciated. When a cold makes its appearance use at once Ballard's Horehound Syrup which will speedily overcome it.

WHOOPING COUGH and CROUP Require Prompt Action. SNOW LINIMENT applied to the throat and chest gives wonderful relief, while Ballard's Horehound Syrup will rapidly stop the violent paroxysms of coughing. IT IS THE ONLY COUGH REMEDY THAT WILL POSITIVELY CURE WHOOPING COUGH AND CROUP.

BEST FOR CHILDREN

Mrs. Maud Adams, Goldsboro, Tex., writes:—"I have used Ballard's Horehound Syrup and find it the BEST medicine for croup, coughs and colds. My children use it and it is pleasant to take and quickly cures."

MALARIA
UNDERMINES THE HEALTH

When the germs of malaria enter the blood the entire health is affected, and if the blood is not purified of these germs and microbes, Chronic Sores and Ulcers, Liver Splotches, Chills and Fever, Boils, Aches and Pains, and a great variety of troubles manifest themselves, and soon the entire system is undermined, leaving the sufferer a prey to a most miserable, weak and nervous condition.

618 W. Market St., Louisville, Ky.

For several years I suffered with Chills and Fever, caused by Malaria in my system, and each summer for several years I would have a relapse. Finally my physician prescribed S. S. S. I took a few bottles; this was about six years ago. It entirely cured me, and I have never been troubled since. I am sure no other medicine could have given me so complete and immediate relief, and I cannot speak too highly of S. S. S. My partner in business is now taking S. S. S. for an eruption of the skin, and a general run-down condition of the system, and although he has taken but one bottle, already commences to feel better.

I. SHAPOFF.

S. S. S. counteracts and drives all the poison from the blood and builds up the system by its fine purifying qualities and tonic effects. It strengthens every part, increases the appetite, helps the stomach and digestion, and by supplying the body with rich, pure blood, cures Malaria and all its disagreeable ailments. Unlike most blood medicines S. S. S. is purely vegetable. It does not contain a particle of mineral of any kind to disagreeably affect the stomach, digestion and bowels, but by cleansing and strengthening the blood, puts every part of the body in healthy condition. Book on the blood and any medical advice desired without charge.

Some Seasonable Advice.

It may be a piece of superfluous advice to urge people at this season of the year to lay in a supply of Chamberlain's Cough Remedy. It is almost sure to be needed before winter is over, and much more prompt and satisfactory results are obtained when taken as soon as a cold is contracted and before it has become seated in the system, which can only be done by keeping the remedy at hand. This remedy is so widely known and so altogether good that no one should hesitate about buying it in preference to any other. It is for sale by all druggists.

ROLL CALL MEETING.

Members of Mount Vernon Lodge, K. of P., Had a Big Time.

The members of Mount Vernon Lodge No. 20, Knights of Pythias, with their visiting brethren, participated in what is known as a roll call meeting Tuesday evening. There were present forty-eight, and the evening was passed in a most enjoyable manner.

After the regular session, during which work was conferred upon two candidates in the Rank of Esquire, the lodge turned itself into a "free and easy" meeting, when talks for the good of the order were made by Hon. W. H. Sheats, Hon. W. M. Holloway and L. J. Clyatt, and an interesting recitation was delivered by John M. Fleweilen.

Delicious refreshments were served, and altogether the meeting was one long to be remembered by those present.

Astonishing Incident.

It was, to all her friends, an astonishing incident that Mrs. I. B. Hunt of Lime Ridge, Wis., was cured of her dreadful sickness. "Doctors," she writes, "had given me up; friends were ready to bid me the last farewell; clouds of despair darkened my horizon, and I was a wreck on the shores of despondency, when I began to take Electric Bitters for my frightful stomach and liver complaint. To the astonishment of all, I was benefited at once and can now say completely and triumphantly restored to health." At all drug stores; price 50c; guaranteed.

THE YELLOW FEVER.

Two New Cases at Pensacola—New Orleans May Raise Quarantine.

Pensacola, October 4.—Two new cases of fever have developed since 8 o'clock last night. There were two deaths up to noon today. There were nine cases and four deaths up to 6 o'clock last night and four deaths. A large number of people have gone to the detention camp.

At New Orleans.

New Orleans, October 4.—For the twenty-four hours ending at 6 p. m. yesterday there were 30 new cases and two deaths. From 6 p. m. yesterday until noon today there were nine new cases and one death.

Total cases to date, 3,081; total number of deaths, 308.

To the business men the most encouraging feature of the fever situation is the disposition manifested by parishes and towns in Louisiana to raise the quarantines about the 15th of October, in harmony with the suggestion of Dr. White and President Bouchon.

New Cure for Cancer.

All surface cancers are now known to be curable by Bucklen's Arnica Salve. Jas. MONTHLY MEETING OF CITY COUNCIL

Large Number of Bills Were Paid at October Meeting.

A WAR ON ENCROACHMENTS

The Council Has Decided to Clear the Streets of Obstructions and Instructions Were Issued to Straighten Certain Streets—Other Business.

The regular monthly meeting of the City Council was held Monday evening, at which a full board was present with the exception of Alderman Cushman, who was absent from the city.

After the reading and approval of the minutes of the last meeting, the tax books for the year 1905 were taken up and examined, found correct and adopted.

Alderman Edward O'Neill, chairman of the committee on appropriations, made the following recommendations for amounts to be assessed out of the general fund:

Redemption bonds, 3 mills; officers' fund, 3 mills; sanitary fund, ½ mill; light fund, 3½ mills; printing fund, ½ mill; fire fund, 6 mills; street fund, 4½ mills; cemetery fund, ½ mill; contingent fund, ½ mill. Upon motion of Alderman Taylor this recommendation was accepted.

Following this was the reading and payment of a large number of bills.

The council discussed at some length the matter of encroachments upon certain thoroughfares in the city and a resolution was passed that the mayor or the chairman of the street committee instruct the officers to remove the following encroachments:

On Magnolia street, from its intersection with West Main street to its intersection with Arredondo street; Garden street, from its intersection with Union street to its intersection with Lemon street. The mayor or chairman of the street committee was empowered to employ a surveyor to locate the street lines, if necessary.

After the transaction of some minor business, the council adjourned.

Saved His Life.

J. W. Davenport, Wingo, Ky., writes, June 14, 1902: "I want to tell you I believe Ballard's Snow Liniment saved my life. I was under the treatment of two doctors, and they told me one of my lungs was entirely gone, and the other badly affected. I also had a lump on my side. I don't think that I could have lived over two months longer. I was induced by a friend to try Ballard's Snow Liniment. The first application gave me great relief; two fifty cent bottles cured me sound and well. It is a wonderful medicine and I recommend it to suffering humanity." Sold by W. M. Johnson.

Wants to Enjoin Goulds.

St. Louis, Oct. 4.—Suit for injunction was filed in the St. Louis circuit court by Joseph Ramsey, Jr., president of the Wabash against the Iron Mountain and Wabash Railway companies, the Mercantile Trust company of New York, Walter S. Wilson, S. M. Walker and Gould. In his petition Mr. Ramsey asks the court to grant him an injunction preventing the proposed annual meeting of George Gould and his associates at Toledo, O., where it is proposed to elect a board of directors and a president to control the Wabash road for the next year.

Cures Winter Cough.

J. E. Gover, 101 North Main street, Ottawa, Kan., writes: "Every fall it has been my wife's trouble to catch a severe cold, and therefore to cough all winter long. Last fall I got her a bottle of Horehound Syrup. She used it and has been able to sleep soundly all night long. Whenever the cough troubles her, two or three doses stop the cough, and she is able to be up and well." 25c, 50c and $1. Sold by W. M. Johnson.

Six Persons Burned to Death.

Bigington, W. Va., Oct. 4.—Six persons, two women and four children were burned to death in a cabin home last night. The two husbands of the women escaped. The burned were Mrs. J. Alho and her three children, and Mrs. Joseph Cargelli and one child. Their charred bodies were found in the smoking ruins of the cabin.

"DUE TO CARDUI and nothing else, is my baby girl, now two weeks old," writes Mrs. J. P. West, of Webster City, Iowa. "She is a fine, healthy babe and we are both doing nicely."

Eleven Murder Cases on Docket.

Waynesboro, Ga., Oct. 4.—The regular term of Burke superior court convened here today, with Judge Horace Holden, of the northern circuit, on the bench. He made an able charge to the grand jury and was particularly severe on tigers and concealed weapons. The civil business will be finished tomorrow when the criminal docket will be taken up. There are eleven murder cases at this session, but the most important is the Smith-Herrington case. The grand jury is investigating the Schramack case. This case is of interest, as Schramack was the man who was killed by unknown parties in the Curtis Hill duel here June 26. A large crowd is in the city attending court.

Doctors Said He Would Not Live.

Peter Fry, Woodruff, Pa., writes: "After doctoring for two years with the best physicians in Waynesburg, and still getting worse, the doctors advised me if I had any business to attend to I had better attend to it at once, as I could not possibly live another month as there was no cure for me. Foley's Kidney Cure was recommended to me by a friend, and I immediately sent my son to the store for it, and after taking three bottles I began to get better, and continued to improve until I was entirely well." J. W. McCollum & Co.

Present from German Emperor.

Washington, Oct. 4.—Captain Hebbinghaus, naval attache of the German embassy, called by appointment at the White House and presented to the president a valuable collection of engravings illustrative of the life of Frederick the Great, the gift of the German emperor. Captain Hebbinghaus was also the bearer of a personal message from his sovereign to the president. The president asked Captain Hebbinghaus to thank the emperor heartily for the gift and the greeting. The president will also acknowledge them in a letter to the emperor.

A Judicious Inquiry.

A well known traveling man who visits the drug trade says he has often heard druggists inquire of customers who asked for a cough medicine, whether it was wanted for a child or an adult, and if for a child they almost invariably recommend Chamberlain's Cough Remedy. The reason for this is that they know there is no danger from it and that it always cures. There is not the least danger in giving it, and for coughs, colds and croup it is unsurpassed. For sale by all druggists.

Port of Vladivostok Opened.

Vladivostok, Sunday Oct. 1.—The first freight steamer left this port today for Cho Foo, thus re-opening regular commerce by sea between Vladivostock and other ports. A Russian transport sailed simultaneously with relief stores for the Kamchatkan coast. Navigation is still risky owing to the floating mines, four of which were sighted by small craft yesterday within 14 miles of the harbor.

If the Baby is Cutting Teeth

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

Insomnia and Indigestion Cured.

"Last year I had a very severe attack of indigestion. I could not sleep at night and suffered most excruciating pains for three hours after each meal. I was troubled this way for about three months, when I used Chamberlain's Stomach and Liver Tablets and received immediate relief," says John Dixon, Tullamore, Ontario, Canada. For sale by all druggists.

AN ORDINANCE

Entitled An Ordinance Providing for the Issuance of Bonds and the Creation of an Executive Board Under the Provisions of an Act of the Legislature of the State of Florida, entitled "An Act Extending and Enlarging the Territorial Limits and the Powers of the City of Gainesville, a Municipal Corporation Organized and Existing in Alachua County, Florida, and Providing for the Exercise of those Powers."

Be it Ordained by the Mayor and City Council of the City of Gainesville, Florida:

Section 1. The Mayor and the City Council of the City of Gainesville, in their corporate capacity, under authority of an Act of the Legislature of the State of Florida, entitled "An Act Extending and Enlarging the Territorial Limits and the Powers of the City of Gainesville, a Municipal Corporation Organized and Existing in Alachua County, Florida, and Providing for the Exercise of those Powers," approved on the 9th day of May, A. D. 1905, hereby provide by ordinance for the issuance, from time to time, as hereinafter provided, of bonds of said city, to be known as "Public Utility Bonds of the City of Gainesville," to the amount of One Hundred Fifteen Thousand Dollars. The principal and interest of said bonds shall be payable in gold coin of the United States of the present standard of weight and fineness, and for the payment thereof, principal and interest, the entire taxable property of said city and the public utilities acquired and owned by said city shall stand pledged by this ordinance. Each of said bonds shall be of the following denomination, viz: One Thousand Dollars. Said bonds shall be dated the 1st day of January, A. D. 1906, and each of said bonds shall bear interest at the rate of five per cent per annum, payable semi-annually, at the end of periods of six months from the date of the bond. The principal of said bonds shall become due and payable at the following times and upon the following dates, viz: Thirty-five of said bonds of the denomination of One Thousand Dollars shall become due and payable in fifteen years from the date thereof; Forty of said bonds of the denomination of One Thousand Dollars shall become due and payable in twenty-five years from the date thereof; and Forty of said bonds of the denomination of One Thousand Dollars shall become due and payable in thirty-five years from the date thereof. Said bonds, and the interest thereon shall be payable at the office of the City Treasurer of said city. The proceeds arising from the sales of said bonds, at not less than par value, and the purposes for which the issue of bonds proposed to be issued by this ordinance shall be used are the following, viz: The monies arising from the sale of fifty of said bonds, or so much thereof as may be necessary, shall be used to acquire, construct, own and operate a system of sewerage for said city. The monies arising from the sale of fifty of said bonds, or so much thereof as may be necessary, shall be used for the purpose of acquiring, owning, constructing and operating an electric light plant for said city, and for the extension and improvement of said electric light plant. The monies arising from the sale of ten of said bonds shall be used for the purpose of opening, widening, extending or improving the streets of said city. The monies arising from the sale of five of these bonds shall be used for the purpose of acquiring, owning, constructing and operating a public hospital in and for said city. Provided, however, that none of said bonds shall be issued until after the issuance thereof, under the provisions of this ordinance, shall have been approved by a majority of the votes cast by the qualified electors of said city, at a special election which shall be held for that purpose on the 10th day of October, A. D. 1905, in accordance with this ordinance.

Sec. 2. The Mayor and the City Council shall levy and collect annually such special tax on the taxable property within the corporate limits of said city as may be necessary to pay the interest on said bonds, and to provide a sinking fund for the payment of said bonds.

Sec. 3. Said bonds shall be printed or engraved, with interest coupons attached, payable as by this ordinance provided. Said bonds shall be signed by the Mayor, countersigned by the President of the City Council, and attested by the City Clerk, and shall bear the corporate seal of said city, and the interest coupons shall bear an engraved, or printed, fac-simile of the signature of the City Treasurer. When said bonds shall have been so signed and sealed, they shall be turned over to the Board of Public Works, who shall be Trustees for said bonds, and shall be by said Board offered for sale to the highest and best bidders for cash, on sealed bids; but said Board shall have and reserve the right to reject any and all bids, and shall not sell any of said bonds for less than par value. The proceeds for the sales of said bonds, as soon as received by the said Board, shall be deposited in a depository selected by said Board and kept by them in a separate account, to be drawn out only for the purposes for which said bonds are authorized by this ordinance to be issued, upon warrants approved by the Board of Public Works and signed by the Chairman, and countersigned by the Secretary of said Board.

Sec. 4. Said bonds shall be payable to bearer and shall be delivered by said Board only after being countersigned by the Chairman and Secretary of said Board whereupon said bonds shall become payable, to the lawful bearer thereof. It shall be the duty of the Board of Public Works, as Bond Trustees, when any bond is sold or issued by them, to register the same in a book to be kept for that purpose. The said Board shall keep an accurate account of all bonds and coupons outstanding, and of all such as may be paid.

Sec. 5. For the further protection of the citizens of Gainesville, and of the holders of said bonds, the members of said Board of Public Works, as Bond Trustees, shall be required to give bond, or bonds, conditioned for the faithful performance of all duties devolving upon them under the provisions of this ordinance, said bonds to be fixed by ordinance and approved by the City Council.

Sec 6. The Treasurer, or other agents or officers collecting or receiving money from any assessment, tax or other source, to be applied to the payment of said bonds, or any of them, or to the sinking fund or interest thereon, or any portion thereof, shall each make, on the first day of each month, and every month, written report in duplicate of the amount of money collected or received from each person, and of all payments by him made under the provisions of said ordinance. One of said reports shall, on or before the third day of the same month, be filed with the City Clerk, and the other with the Secretary of the Board of Public Works.

Sec. 7. It shall be the duty of the City Treasurer, or other agents or officers receiving or accounting for bonds or coupons redeemed, paid or purchased, to cancel the same when received, in the presence of the person from whom he shall receive them, and to deliver all such bonds and coupons to said Trustees, together with the report above mentioned, each month.

Sec. 8. The City Treasurer, by and with the advice and direction of the Board of Public Works as Bond Trustees, shall, from time to time, apply all monies which shall come into his hands as a redemption or sinking fund to the purchase of said bonds, at their market value, or shall, under the same direction, invest said money in bonds of the United States, or of the State of Florida, or in such other bonds or securities, or in such other manner as shall be approved by said Trustees and as may seem to them advisable.

Sec. 9. It shall be the duty of the Board of Public Works, on or before the first day of July of each and every year, to report to the City Council the number of said bonds outstanding, with an estimate of the amount necessary to be raised for interest and sinking fund, which statement and estimate shall serve as a basis of assessment by the City Council for the ensuing year for that purpose.

Sec. 10. The Mayor of the City of Gainesville is hereby directed to issue his proclamation calling a special election to be held in said city on the 10th day of October, A. D. 1905, to determine whether the issuance of bonds proposed by this ordinance to be issued shall be approved by a majority of the votes cast by the qualified electors of said city at said special election, and said proclamation and this ordinance shall be published in a newspaper printed in said city at least once each week for four consecutive weeks, the beginning of such publication being made immediately upon the adoption and approval of this ordinance. At said special election the question of the issuance of bonds to the amount of One Hundred Fifteen Thousand Dollars, and for the purposes proposed in and by this ordinance, shall be submitted to the qualified electors of said city for their approval; that each qualified elector shall have an opportunity to vote for or against the question of the issuance of said bonds for the purposes proposed, and each elector shall cast a paper ballot. Each elector desiring to vote for or against the approval of the issue of bonds for One Hundred Fifteen Thousand Dollars, for the purposes mentioned in this ordinance, may vote a paper ballot containing the words: "For Public Utility Bonds One Hundred Fifteen Thousand Dollars," or "Against Public Utility Bonds One Hundred Fifteen Thousand Dollars," and each of said ballots shall be counted as a ballot approving or disapproving, as the case may be, the issuance of the bonds for the purposes mentioned in this ordinance. The said special election shall be called, held, conducted and the returns thereof canvassed, as nearly as may be practicable, in compliance with the rules, regulations and ordinances governing and controlling the general city elections of said city.

Sec. 11. The City Council shall prepare and furnish all necessary blanks and ballots, and shall make all necessary preparation for said special election, and shall pay for same out of the proper fund in the treasury. The ballots to be used in said election shall be substantially in the following form:

Official Ballot.
Special Bond Election.
City of Gainesville.
October 10th, A. D. 1905.

Make a cross (X) mark before the word "For" or the word "Against," accordingly as you approve or disapprove of the issuance of bonds as proposed.

Vote for one:

For Public Utility Bonds
One Hundred Fifteen Thousand Dollars

Against Public Utility Bonds
One Hundred Fifteen Thousand Dollars

Sec. 12. If the issuance of the bonds, as herein proposed and submitted to be approved by the qualified electors be approved by a majority of the votes so cast, then the bonds so proposed to be issued shall be authorized, and from time to time shall be sold and delivered, as the proceeds are needed for the purposes for which they are authorized.

Sec. 13. There is hereby created by this ordinance a Board of Public Works. Said Board of Public Works shall consist of five members, and the same shall be the permanent Executive Board of said City, and said Board shall be Trustees for the bonds proposed to be issued by this ordinance. The members of said Board of Public Works shall each hold office for the term of five years and until their successors are elected and qualified; provided, however, that the members of the first Board shall be W. W. Hampton, H. F. Dutton, P. M. Colson, W. N. Wilson and S. J. Thomas, who shall enter upon the duties of their office immediately upon the approval by the qualified electors of the proposed issue of bonds, and shall continue in office until June 1st, 1906, and until their successors are qualified. Their successors shall be elected by the qualified electors of said City, one member of said Board at each regular municipal election, to take office the 1st June next after said election. Provided, however, that at the regular municipal election in and for said city on the second Tuesday in April, 1906, there shall be elected at said election five members of said Board, to take their office on the 1st June next after said election, and the person at said election receiving the highest number of votes for said office shall hold office for five years, the person receiving the next highest number of votes for said office shall hold for four years, the person receiving the third highest number of votes for said office shall hold for three years, the person receiving the fourth highest number of votes for said office shall hold for two years, and the person receiving the fifth highest number of votes for said office shall hold for one year, and at each succeeding regular municipal election said members shall be elected as hereinbefore provided. At the regular municipal election in April, 1906, it shall be necessary to vote for five persons for said Board of Public Works in order to constitute a valid or legal ballot in so far as the same relates to said Board. The Board shall fill vacancies in its membership until the next regular municipal election, at which election said vacancy shall be filled for the unexpired term, and the person so elected to fill said vacancy shall take his seat immediately upon his election and qualification. The duties of said Board shall be to receive said bonds as soon as the same are printed or engraved and executed, and to sell the same at not less than par, as provided by this ordinance, and to dispose of the proceeds for the purposes for which said bonds are issued. Said Board shall have the control, supervision and management of the construction, acquisition and operation of the said sewerage system proposed and provided for by this ordinance, and the control and management of the electric light plant and of the extension of same proposed and provided for by this ordinance, and said Board shall have the control, supervision, management and operation of any and all public utilities acquired, constructed or operated, and of all improvements made by or with the monies and funds arising out of and proceeding from the sales of the bonds proposed to be issued by this ordinance. The Mayor and City Council may, by subsequently passed ordinance or ordinances, provide for and prescribe such other and further executive duties and powers of said Board as may be deemed by said Council advisable and from time to time may be rendered necessary. Said Board shall make its own rules, and elect a Chairman and Secretary, and appoint such committees, and remove or change the same, by a vote of a majority of said Board, at any time. All contracts to be signed by said Board, or other papers necessary to be signed by same, shall be signed by the Chairman and Secretary, and attested by a by-a common seal to be adopted by said Board. Said Board shall adopt a common seal.

Sec 14. The members of said Board shall receive no compensation. Three members of said Board shall constitute a quorum for the transaction of business. The ayes and noes shall be called and entered upon a journal upon the passage of every resolution or order for the expenditure of money. Said Board shall, by rules, provide for the holding of regular and called meetings. Members of said Board shall have a right to take part in all proceedings and deliberations of the City Council on all questions relating to matters under their charge, but without the right to vote. Said Board shall not employ or contract with any of its members. No member of said Board, or other person, whether in the employment of the Board or otherwise, shall have power to create any liability on account of the Board, or of the funds under its control, except by express authority of the Board conferred at a meeting duly and regularly convened.

Sec. 15. The said Board of Public Works shall have exclusive power to employ such heads of departments, engineers, clerks, superintendents, laborers and other persons, as it may deem necessary for the execution of its duties in connection with any and all utilities and improvements said Board has control and supervision of under and by the terms of this ordinance, or may have by subsequently passed ordinance or ordinances, and shall fix their compensation, and any of them may be discharged by a majority of the Board, at its discretion.

Sec. 16. Any member of said Board may be removed from office for incompetency, inefficiency, neglect of duty, or misconduct in office, by the affirmative vote of three members of said Board, approved by the City Council.

Sec. 17. Upon the approval by the electors of the issuance of the bonds provided for and proposed to be issued by this ordinance the bonds shall be executed and delivered to the Board of Public Works, as Bond Trustees, and said Board shall, from time to time, or all at one time, sell the same in compliance with the provisions of this ordinance, and as said Board may deem advisable, and deposit the money in a designated depository, or depositaries, which may be required to give special bond.

Sec 18. In the event that any part of the proceeds of the sales of said bonds proposed by this ordinance to be issued shall not be necessary to effect the purposes hereinbefore designated for which the proposed issue of said bonds are to be used, then such part of the proceeds of said bonds and the monies not so needed may be used for the purpose of improving the streets and parks of said City, and to construct, own, acquire and operate a gas plant for said City, as may be deemed advisable by said Board.

Sec. 19. The Board of Public Works shall have exclusive power to make all improvements and expenditures under this ordinance which shall cost less than Two Hundred Dollars, but shall let all contracts of Two Hundred Dollars and over to the lowest responsible bidder, unless otherwise directed by this ordinance; provided, that said Board shall have and reserve the right to reject any and all bids, when in the discretion of said Board it shall be deemed advisable.

Sec. 20. All ordinances and parts of ordinances in conflict with this ordinance are hereby repealed.

Sec. 21. That this ordinance shall take effect immediately upon its passage and approval by the Mayor.

Notice to the Public.—We will sell at Lennon, Fla., Monday forenoon at 10 o'clock sharp, on October the 16th, forty-eight head of fine mules and two horses at public auction to the highest bidder. Lennon is centrally located on the Seaboard Railway, between Bronson and Otter Creek, in Levy county. Fowler & Son.

J. R. Williams of Alachua, one of the leading business men of the county, was among those who paid Gainesville a visit yesterday. Mr. Williams is a cotton buyer, and is just now busily engaged in that line, hence has little to say on other matters. He feels sure that he will "come out even" with the rest of "the fellows."

Friends of Dr. and Mrs. William Sutherland of High Springs will regret to learn that their infant son, Frederick William, is ill in Live Oak. The child was attacked with congestion of the bowels several days ago, and is regarded by the attending physicians as being in a critical condition. Dr. and Mrs. Sutherland, as well as the child's aunt, Mrs. M. B. Saunders of this city, are in Live Oak.

Mobile, Ala., Dec. 24, 1899.

Dr. E. W. Hall, St. Louis, Mo.—Dear Sir: Having tried different doctors and their remedies for several years for back and kidney troubles, I found nothing successful until taking "The Texas Wonder," Hall's Great Discovery, and, being rapidly cured, the old saying with railroad men is "God bless the man who invented the Pullman sleeping car," but I say "God bless the inventor of Hall's Texas Wonder."

Yours truly,
W. B. Clark,

Will Become a Benedict.

Homer T. Welsh, well and pleasantly known in this city as an erstwhile agent of the Southern Express Company, and who made many friends here, is soon to become a Benedict, his engagement to Mrs. Alice Dollaway of Muncie, Ind., having been announced. The marriage will occur at Sarasota, the Southern home of the bride, on the evening of Wednesday, October 11.

Mr. Welsh's numerous friends in this city will extend congratulations in advance.

Among the visitors to this city for the past day or two was Captain J. S. Dupuis of Bland, one of the most widely known and prominent men in that section. Captain Dupuis states that the farmers as a rule are prosperous, but have lost heavily on cotton, since the inclement weather and caterpillar, combined with the rest, have knocked them out. The crop will not run over sixty-five per cent in the West End, which means a net loss to the grower of thirty-five per cent. Other crops, with the exception of corn, are good, and the planters are satisfied with the result.

Prof. O. Franklin, the eyesight specialist and oculist, has returned from Alachua and other points, and will remain at the Brown House, this city, today and tomorrow, the 5th and 6th inst. Those who have not called on him now have another opportunity to correct their defective eyes. All work guaranteed. Prof. Franklin will observe the following dates, and the public will be governed accordingly: Alachua, Sheffield House, Saturday and Monday, October 7 and 9; High Springs, Casey House, Tuesday and Wednesday, October 10 and 11; Newberry, Commercial House, Thursday and Friday, October 12 and 13; Archer, Magnolia Hotel, Saturday, October 14. MEETING BOARD OF TRADE.

J. R. Feaster Wants to Sub-Lease Fishing Grounds at Alachua Sink.

A regular meeting of the Gainesville Board of Trade was held yesterday afternoon and a fair membership was present.

In the absence of the President, Hon. W. G. Robinson, and Vice-President W. R. Thomas, Senator H. H. McCreary was called to the chair.

J. R. Feaster submitted a proposition to sub-lease the Alachua sink properties. Mr. Feaster is engaged in the fishing business for a livelihood and is desirous of securing same. It appears that the Gainesville Board of Trade holds the rights from the owner, W. N. Camp of Ocala. Mr. Feaster proposed to the Board of Trade to supply camping paraphernalia, fishing tackle and all things that go to make fishing and hunting trips a success, at reasonable prices, if the board would give him the exclusive fishing privilege.

After considering the matter, the same was left to a special committee, who will decide upon the case. E. E. Voyle is chairman of the committee.

OFF TO CAMP.

The Gainesville Guards Will Take Special Train to Orlando Today.

The Gainesville Guards, Company H, Second Infantry, Florida State Troops, will take their departure this morning by special train for Orlando, where they will be in camp for the next ten days.

The special train will be via the Atlantic Coast Line, and will leave at 5:30 o'clock, connecting at Rochelle with the special military train. At this point the coach assigned to the Guards will be attached to the main line train.

The company is a full one, and is under command of Captain C. B. Layton and Lieutenant J. W. Blanding, with the following non-commissioned officers: First Sergeant B. Carpenter; Sergeants C. B. Boyd, J. M. Carlisle, F. S. Rouz, S. L. Carter, Jr., and W. D. Blake, quartermaster-general; Corporals C. C. Chitty, W. J. Holly, M. G. Stringfellow and R. B. Baker.

Attention, B. P. O. E.

The regular weekly meeting of Gainesville Lodge No. 960, B. P. O. E., will be held in the Masonic Hall this evening at 8 o'clock. There will be work, and a full attendance is desired. Visiting brothers are respectfully requested to be present, and they will be assured a safe and pleasant trip over the roads. L. C. Lynch, E. R.

FEVER SITUATION STEADILY MENDING

Plan General Cleaning Up of City on October 14 and 15.

PREPARING FOR THE PRESIDENT

The Public Schools Are All Open and the Attendance Is Good—The Situation of Surrounding Country Is Decidedly Better.

New Orleans, Oct. 4.—Up to noon today there were 21 new cases of yellow fever and two deaths.

New Orleans, Oct. 4—Cloudy weather continues here and more rain is predicted, but the fever situation is steadily mending and the fears that a long spell of rainy weather would cause an appreciation in the number of cases and the changes of temperature affect the sick adversely have not been realized.

The explanation is found in the reduction of points of infection and the effectiveness of the precautions against mosquito breeding.

In addition to the public schools, half a dozen private schools and colleges have opened, and all the others will be open by the end of the month.

Dr. Warner has called a meeting for Wednesday night of all the heads of the volunteer organizations to plan the general clean-up for Oct. 14 and 15. The aim in part of this work is to show the president a reasonably clean town.

Further advices are received by the success of Dr. White's trip in the sugar parishes. There is a shortage of 10,000 laborers in the fields, and it is expected that Dr. White's work will be of material assistance to the planters in making up the deficieney.

Prospects Grow Brighter.

With centers of foci being wiped out new cases falling in number, the list of sick being reduced and the death roll showing no appreciation, the fever situation is taking on a brighter aspect every day, both as to the city and country.

One death occurred yesterday in the whole outside of New Orleans, and there is a shrinkage in the number of points favorable to President Souchon's suggestion of lifting quarantines or at least making considerable modification of them by the middle of the month, or perhaps a week later, and if the improvement here is maintained there will probably be many communities willing to take the risk of reopening communication.

Railroad officials are receiving inquiries as to the possibility of excursions into the city at the time of the president's visit, the date for which having been extended two days, makes it more probable that at the time of his coming the fever will have been practically wiped out.

In many sections of Louisiana frost ought to occur shortly thereafter.

Superintendent Easton has completed a list of the public school enrollment for the opening day. With four schools closed, the figures were 19,533. Last year they were 24,969. The showing is considered a fine one in view of the fact that there are still many people out of town, while in the city some parents have postponed the sending of their children to the schools until the middle of the month.

Health Officer Kohnke in an interview today expresses the opinion that by reason of the precautions that are being taken, children will be more safe in the school room than in their own homes.

National Quarantine.

At the opening of the new real estate exchange last night United States Senator McEary discussed the question of national quarantine, and while favoring a considerable enlargement of the scope of the marine hospital service said:

"In framing a law for federal control of quarantine there should be the utmost endeavor to preserve all of the positive rights remaining to the states. This calamity, however, appalling, should induce us to agree to any of these rights. We are not yet ready to destroy the states and make of this government one great centralized power without any political subdivisions. We have been drifting that way until the near approach to an imperial government is becoming alarming."

Three New Cases at Nachez.

Natchez, Oct. 4.—Three new cases reported this morning, one white and two negroes. One of the cases is a new focus and is in a thickly populated block. Total foci, 34. Total cases, 111. Two patients were discharged from the hospital today.

A FOOLISH BOYISH ESCAPADE.

Is the Way Attorney Levy Talks About Forged Securities Case.

New York, Oct. 4.—Miss Katherine Leonard, sister of Harry A Leonard, the young man who confessed to the theft of more than $359,000 worth of securities from the National City bank, declared today that young Leonard was the victim of another man and that he was trying to protect the man and a woman. Miss Leonard declared that she had given the woman's name to the police and that she believed the unrestored portion of the securities was placed in a safe deposit vault by the woman. Miss Leonard said:

"I don't know the name of the man who has used Harry as his tool, but I do know the woman."

Miss Leonard denied the police story that part of the securities was found in the Leonard home.

Lawyer Abraham Levy has been retained to defend Leonard.

After a long talk with the prisoner Mr. Levy said that he was satisfied that there was no criminal intent on the part of young Leonard, and that the whole affair was a foolish boyish escapade.

"When the young man is arraigned," said Mr. Levy, "I will make the contention that there was no criminal intent and think I will be able to convince the court of that fact."

Mr. Levy was he senior counsel for Nan Patterson.

REVEALED HIDDEN GOLD.

Daughter of Miser Told Her Lover Where the Wealth Was.

San Francisco, Oct. 4—The mystery of the disappearance of $11,008 a year ago from a crock in which William Schmitz, an aged painter, had buried the savings of years in the cellar under his home at 741 O'Farrell street, has been cleared by the confession of his daughter, Miss Louisa Schmitz, and the arrest of Edward Cordero, to whom she betrayed the hoarding place as a result of her infatuation and his threats.

Miss Schmitz left her home some time ago when her parents objected to the attentions of Cordero, upon discovering that he was a married man. She says that she disclosed to him the hiding place of her parents' gold under stress of threats against her life.

Cordero, she says, finally began to abuse her, and she returned to her father's home and made a clean breast of the whole affair.

Cordero has been arrested and is now in jail here pending an investigation in his connection with the affair.

Three Hundred Men Discharged.

Dayton, O., Oct. 4.—Three hundred employes of the National Cash Register company were notified that they had been discharged when they reported for work yesterday. Following the decision to refuse the demands of the Typographical union for an eight-hour day in the printing department the company ordered all employes to report in the assembly hall on Saturday to listen to addresses by the company officials on the labor situation. The men discharged are those who failed to attend the meetin.

Quiet Restored in Caucasia.

Tiflis, Caucasia, Oct. 4.—Quiet has been restored at Eravan, the troops having suppressed the rioters after eight Mussulmans and two Armenians had been killed and 11 persons had been wounded. The trouble arose from an attempt on the part of a number of Armenians to rescue some of their fellow countrymen who had been arrested for murdering a Tartar.

BANDITS HOLD UP PASSENGER TRAIN

Express Car is Blown Open and Safe is Robbed.

EXPRESS MESSENGER IS INJURED

Three Men Conducted the Hold-Up and Got Into the Express Car—Two Boys Who Were Riding on Blind Baggage Were Arrested.

Portland, Ore., Oct. 4.—A special to the Oregonian from Seattle says that the Great Northern Overland train was held up and the baggage and express cars dynamited half a mile east of Mile Post 10, about 5 miles from Ballard, at 8:45 p. m.

It was 11 o'clock before the train pulled in Edmunds, and the most meager news sent to the local office.

Three men are known to have done the work. Two boys, who got on the blind baggage here as soon as the hold-up began, entered the passenger coaches and began holding up the passengers. They were captured.

They say two of the men were on the blind baggage when they got on and that the third got on at Ballard. All were dressed in raincoats and had slouch hats on.

So far as reported, no one has been killed, but it is reported that Charles Anderson, the express messenger, is slightly wounded.

Manager Waring, of the Great Northern Express company, said last night he did not know the contents of the safe, but believed it was a small sum. After securing the contents of the safe the three men started off in an easterly direction.

It is believed that other members of the gang are ahead of the scene of the hold-up and the robbers joined them.

The train was standing near the brick yard, and as the engineer slowed up two men with raincoats climbed over the tender and presented revolvers to his head. When the train stopped the baggage and express car was uncoupled by one of the robbers and the engineer invited to pull ahead, which he did for several hundred yards, when he was again commanded to stop.

Two of the robbers then jumped off, making the engineer and fireman do the same and all marched to the baggage car door. The messenger was commanded to open the door and refusing, an extra heavy charge of dynamite was put against it and exploded. The explosion tore the car almost to pieces. The safe was then dynamited.

The train was delayed two hours and a half, and then pulled into Edmunds, making a brief report before proceeding to Everett.

The two boys claim they never met the hold-ups until they got on the train and are in no way connected with their work. The idea to holdup the passengers occurred to them after the explosion.

Sheriff Smith has started out with a posse.

While the robbers were engaged on the safe the two boys who had been riding on the blind baggage, slipped off and went through the train attempting to holdup the passengers. They had no guns but took advantage of the timidity of the passengers, while the shooting was going on outside.

The boys, who gave their names as Frank Alfred and Roland Gibbs, are now in jail at Everett. A passenger on the train says their method while going through the coaches consisted more of a begging character than a holdup.

No one was injured seriously, although a continual fire of revolvers was kept up.

Stories differ as to the number of robbers engaged in the job. There were at least four or even more.

The express messenger says he does not know how much was obtained by the holdups. The local safe was not molested.

Leaves Southern Pacific.

San Francisco, Oct. 4.—T. H. Goodman has retired from the position of general passenger agent of the Southern Pacific company after many years of active service. It is announced that no one will be appointed to succeed him, the duties of his office to be divided between Assistant General Passenger Agents Horsburg, Donaldson and Judah.

REVENUE OFFICERS INDICTED.

Over Ninety Cases Are Brought Before United States Court.

Greensboro, N. C., Oct. 4.—The federal court, Judge J. E. Boyd presiding, convened in regular session here.

Special interest attaches to this term by reason of the fact that over 90 cases involving revenue officers are to be tried, the most important of which are the cases against G. W. Samuels, R. H. Harden, Starkey Hare, L. S. Davis, G. H. Walker, J. W. Hasty and A. C. Bryan, former revenue officers, charged with conspiracy with distillers to defraud the government out of large sums of money These men were indicted at the recent special terms of federal court at Greensboro, and are all out under heavy bonds. The town is filled with lawyers, witnesses and defendants.

No cases tried in this state in years have elicited as much interest as these. In his charge to the grand jury Judge Boyd took occasion to sharply reprimand the sheriffs of Wilkes, Davidson and Forsyth counties for allowing federal prisoners undue privileges, saying that federal prisoners were no better than state prisoners.

QUARANTINE AGAINST STATE.

Georgia Puts Up Bars Against State of Mississippi.

Atlanta, Oct. 4.—Georgia on yesterday established a quarantine against the entire state of Mississippi, through an order issued by President Willis F. Westmoreland and Secretary H. F. Harris, of the state board of health.

Owing to the spread of yellow fever in various sections of Mississippi it was deemed advisable to include the entire state in the quarantine which is now on, and Georgia's quarantine inspectors on the various lines of railroad were so instructed.

Georgia has heretofore quarantined against several cities and counties in Mississippi, but the disease has pread to other point, and in order to insure perfect safety and avoid confusion, a quarantine against the entire state was deemed advisable.

It is thought probable the Georgia quanartine can be raised some time about the middle of October. The first frost in this state usually comes between Oct. 15 and 20, and it is believed that conditions about that time will warrant a raising of the quarantine.

TROOPS TO PROTECT NEGRO.

Texas Governor Orders Out Militia to Prevent Lynching.

Houston, Tex., Oct. 4.—Governor Lanham took positive action and ordered the two militia companies from Houston to Edna. The orders are secret. The latest reports from Edna are that the negro, Monk Gibson, has not been caught, though the trailers are still confident.

It is believed that the officers may have the negro in hiding and that the troops have been sent to escort Monk Gibson to Houston, where there is a mob-proof jail.

Adjutant General Scurry has ordered a special train for himhself and has gone from Austin to take command.

The chase has wearied the participants greatly and in his weakened condition, as a result of the beating given him Thursday night and lack of sleep and food since then, Monk Gibson must be a lunatic by this time unless he has found succor.

Knights of Pythias Meet.

Richmond, Ind., Oct. 4.—Charles H. Shively, of this city, supreme chancellor of the Knights of Pythias of the World, today called a meeting of the supreme lodge officers to be held at Indianapolis on Oct. 19. The object is to consider whether, owing to the yellow fever there should be a change in the meeting of the supreme lodge and national encampment set for New Orleans in 1906.

BULLETIN ISSUED BY GOVERNMENT

Condition of Cotton Crop On September, 25th.

BUREAU OF STATISTICS REPORTS

Government's Estimate Is Shown by Reports from Agents and Correspondents—Table Gives Averages for the Past Ten Years.

Washington, Oct. 4.—The following bulletin on the condition of the cotton crop was issued by the department of agriculture at noon today:

The following table shows the condition of the cotton crop by states on Sept. 25, with the ten-year averages:

STATES.	Sept. 25. 1905.	Ten-year Average.
Texas	69	61
Georgia	76	70
Alabama	70	67
South Carolina	74	69
Arkansas	72	66
Louisiana	59	68
North Carolina	77	70
Indian Territory	78	70
Tennessee	79	71
Oklahoma	80	71
Florida	76	72
Missouri	81	76
Virginia	77	74

The crop estimating board of the bureau of statistics for the department of agriculture finds from the reports of the correspondents and agents of the bureau that the average condition of cotton on Sept. 25 was 71.2, as compared with 72.1 on Aug. 25, 1905, 75.8 on Sept. 25, 1904, 65.1 on Sept. 25, 1905, and a ten-year average of 66.1.

SHOT BY HIGHWAY ROBBER.

Farmer Is Attacked by a Negro on Prominent Atlanta Street.

Atlanta, Oct. 4.—John Long was shot in the thigh and hit on the head by a negro highwayman while crossing the Peters street viaduct a few minutes after 11 o'clock last night.

The negro made his escape. Long was sent to the Grady hospital.

Mr. Long is a farmer. He lives a few miles south of West End.

After being attacked by the robber, Mr. Long was seen by a policeman, who, thinking he was drunk, and telling a fake story, brought him to the police station. Investigation revealed the fact that Long had sustained the injuries he told of, and immediately an ambulance was summoned and the man sent to the Grady hospital.

Long had over $100 on his person when searched at the station house. The supposition is that his assailant, knowing this, lay in wait for him, and when he failed to render him unconscious by striking him on the head, shot him.

Wholesale Druggists Meet.

New York, Oct. 4.—The thirty-first annual convention of the National Wholesale Druggists was opened by President M. Cary Peter last night with a reception at the Hotel Astor. Between two and three hundred members were present. The committee on arrangements and entertainment has completed the program for the five days' meeting. The first business meeting will be held today. Officers will be elected probably the last day of the session. It was said yesterday hat probably the most important matter to come before the convention would be the report of the committee on proprietary medicines.

Dowie Not Paralyzed.

El Paso, Tex., Oct. 4.—John Alexander Dowie, self-styled prophet of the Lord and head of the Christian Catholic Apostolic church, of his own foundation, left here today enroute to his Zion paradise plantation, formerly the Gonzales ranch, near Tampico. Dowie has been confined to his car since his arrival, and has not been seen by a soul. While admitting that the "general overseer is not very well," the members of his staff deny that he has been stricken with paralysis.

ED SOLD LIQUOR; GOT INTO TROUBLE

Fined $500 and Costs by Mayor Thomas for Violating Law.

A VERY DAMAGING WITNESS

Alfred Davis Swore He Bought Liquor Sunday Night from Ed, Which Got Him Into Trouble—Gamblers Arrested and Given Heavy Fines.

Marshal Pinkoson made another big haul Monday morning, when he arrested Dan Ed, colored, upon a charge of selling whiskey in a dry county.

Ed was arraigned immediately in the mayor's court. It is said there were several witnesses, but only one was introduced. This witness was Alfred Davis, who earlier in the session was arraigned upon a charge of being drunk and disorderly and fined $2 50 and costs. Davis testified that on Saturday night he purchased from Ed, the defendant, one pint of rye whiskey, for which he paid lawful money of the United States. He stated to the court that this pint was what got him into trouble, as he became intoxicated from the effects of the contents of the bottle.

Without further proceeding Mayor Thomas assessed a fine of $500 and costs, and in default of payment he was remanded to jail.

It has been several days since an arrest of this nature occurred. The blind tigers are either few and far between in Gainesville or the officers find it difficult to capture them. Those who do fall into the clutches of the law, however, are severely dealt with, and it is believed that Gainesville, on this account, has fewer resorts of this kind than any other "dry" city in the State.

At this session of the court four negroes, Lem Hutchinson, Sam Mills, Holly Williams and Tom Epps, were arraigned for gambling, having been arrested while in the midst of a game of "skin" in a vacant house on West Liberty street. They were fined $20 and costs each. Oliver Thomas, who was in the house at the time of the arrest, but who was not in the game, was released upon payment of costs.

The fines assessed in this court aggregated nearly $600, which was considered a rather good day.

Saved His Life.

J. W. Davenport, Wingo, Ky., writes, June 14, 1902: "I want to tell you I believe Ballard's Snow Liniment saved my life. I was under the treatment of two doctors, and they told me one of my lungs was entirely gone, and the other badly affected. I also had a lump on my side. I don't think that I could have lived over two months longer. I was induced by a friend to try Ballard's Snow Liniment. The first application gave me great relief; two fifty cent bottles cured me sound and well. It is a wonderful medicine and I recommend it to suffering humanity." Sold by W. M. Johnson.

Doig Cotton Gins.

Notwithstanding the fact that there are numerous parties selling what are called improved cotton gins, H. F. Dutton & Co. of this city, without any apparent effort, have sold all the Doig improved gins that were manufactured by them this season, also one whole line that they have had in use in their own ginnery, all giving perfect satisfaction.

Many of these gins have gone to different parts of Georgia and also to Porto Rico and Cuba, ordered through the Madison Manufacturing Company of this State, which has large interests in Porto Rico. Mr. Talbert, who is their agent, is operating their large ginnery and gives the Doig gin the preference over all others.

PROF. BRINSON'S DEPARTURE.

Expects to Make His Departure Today to Take Up Other Work.

From Tuesday's Daily Sun.

Prof. J. H. Brinson, who for the past few years has been the efficient instructor in the business department of East Florida Seminary, expects to make his departure this morning for Winter Park, where he will assume a similar duty at Rollins College.

Prof. Brinson is undoubtedly one of the finest business instructors in the South, and under his able direction that department of the Seminary was kept at a high standard. While he regrets very much the necessity of removing, he feels consoled in the fact that he will be associated with one of the best schools in the country. He anticipates returning to Gainesville when the University buildings are completed, and that institution is opened here.

The family of Prof. Brinson will remain in Gainesville for some time, which will be pleasant news to their friends.

Important to Pecan Growers.

There is no branch of fruitage that is attracting more attention at present than the cultivation of pecans, and H. S. Graves of this city, who is vice-president for Florida of the National Nut Growers' Association, is desirous of securing facts in regard to this branch of fruit growing, as the following paragraph will show:

"To Nut Growers.—At the coming meeting of the National Nut Growers' Association, to be held at Dallas, Texas, this fall, I am expected to report on the prospects of the nut crop for the State, particularly pecans. It will be of much value to the association and the nut growing industry, as well as a great help to me in making report, if all those having nut trees in bearing will send me a postal card answering the following questions as fully as possible:

"Number and kind of nut trees in bearing?

"If budded or grafted trees, of what variety?

"The crop prospects to date?

"What insects, if any, are troublesome?

"Address H. S. Graves, R. F. D. No. 1, Gainesville, Fla."

Astonishing Incident.

It was, to all her friends, an astonishing incident that Mrs. I. B. Hunt of Lime Ridge, Wis., was cured of her dreadful sickness. "Doctors," she writes, "had given me up; friends were ready to bid me the last farewell; clouds of despair darkened my horizon, and I was a wreck on the shores of despondency, when I began to take Electric Bitters for my frightful stomach and liver complaint. To the astonishment of all, I was benefited at once and am now completely and miraculously restored to health. At all drug stores; price 50c; guaranteed.

THE PUBLIC SCHOOL OPENED ON MONDAY

Attendance Was Very Encouraging for First Day of Term.

405 PUPILS WERE ENROLLED

The Enrollment Will be Increased from Time to Time, and Indications Are That the School Will be a Grand Success the Coming Year.

The University High School opened in this city on Monday and there was a very favorable attendance for the opening day, the enrollment showing a total of 405, while there were 95 in the high school, many coming from outside the city and county as well. It is quite evident that there will be many more added to the list in a few weeks, and it looks as though our city schools were going to be a grand success the coming year.

The building is overtaxed and it has been suggested that the Seminary be secured for the present needs. In some of the classes there are from 50 to 60 students, while the recitation rooms have not room for more than half that number at this time, with a probability of numerous additions in a few weeks.

Full of Tragic Meaning

Are these lines from J. H. Simmons of Casey, Ia. Think what might have resulted from his terrible cough if he had not taken the medicine about which he writes: "I had a fearful cough that disturbed my night's rest. I tried everything, but nothing would relieve it, until I took Dr. King's New Discovery for consumption, coughs and colds, which completely cured me." Instantly relieves and permanently cures all throat and lung diseases; prevents grip and pneumonia. At all druggists; guaranteed; 50c and $1.00. Trial bottle free.

DEATH OF WEALTHY MAN.

Frederick Rindge, Brother-in-Law of Mrs. Whiting.

A recent issue of The Los Angeles (California) Times contains a page and a half illustrated write-up of Frederick Rindge, the millionaire, who died in his summer home, Yreka, Cal., August 20th, leaving a fortune of $22,000,000 to his wife. Deceased also left vast estates in California, all of which are left to his wife.

Mr. Rindge was a brother-in-law of Mrs. John Whiting of this city, having married her sister many years ago. He was reputed to be the wealthiest man in that State.

Cures Winter Cough.

J. E. Gover, 101 North Main street, Ottawa, Kan., writes: "Every fall it has been my wife's trouble to catch a severe cold, and therefore to cough all winter long. Last fall I got her a bottle of Horehound Syrup. She used it and has been able to sleep soundly all night long. Whenever the cough troubles her, two or three doses stop the cough, and she is able to be up and well." 25c, 50c and $1. Sold by W. M. Johnson.

A SAD TRAGEDY IN WEST END

William Hines Met His Death at Hands of Lester Kirby.

THE KILLING WAS ACCIDENTAL

The Two Young Men Were Hunting Hogs, When Gun Was Accidentally Discharged, Causing Death of Hines. Young Kirby Was Distracted.

A sad tragedy occurred near Frankland, in the West End, the information of which reached this city yesterday. This tragedy cost Wm. Hines, son of Mr. and Mrs. Wylie Hines, his life, although it was purely an accident, and no one regrets the sad affair more than the person in whose hands the gun was held.

Lester Kirby and Wm. Hines, two prominent young men of the neighborhood, were in the woods hunting hogs. They were trailing a narrow path through the hammock, Hines in the lead, with pieces elevated, when in some unaccountable manner the gun in the hands of Kirby was discharged, the contents taking effect in the back of Hines' head, killing him instantly.

Distracted with grief, young Kirby rushed to the nearest house, stating what had happened. He was accompanied to the scene, when the ghastly sight came near causing the young man at whose hands Hines had met his death to faint. It was clearly a case of accident, however, as the young men had been firm friends since early childhood, and the jury rendered a verdict of accidental killing.

The funeral of the unfortunate victim was held from his home, Rev. L. R. Thomas officiating.

This sad accident has cast a gloom over the entire section in which the parties are known.

Death at Hampton.

From Tuesday's Daily Sun.

Rev. J. H. Holbrook, sixty-five years of age, died at his home at Hampton Sunday evening of consumption, after a lingering illness.

Deceased, who was a brother-in-law of Mrs. Perry M. Colson of this city, was born in Alabama, coming to Florida about fifteen years ago. He was a veteran of the Civil War, serving faithfully in the Confederate cause. He was a member of the Christian Church, and for forty years a minister of that faith. He is survived by a widow, who is very ill and not expected to live.

The funeral will be conducted at Ebenezer Cemetery, Levy county, near Bronson, this morning, Rev. S. W. Colson of Trenton officiating.

MEETING OF SCHOOL BOARD.

Large Volume of Business Came Before the Meeting Tuesday.

A large volume of business came before the Board of Public Instruction at its regular monthly meeting Tuesday.

The meeting was called to order at an early hour in the morning by Chairman R. B. Weeks, and the full board, comprising R. B. Weeks, T. A. Doke and W. J. Martin, with Secretary J. L. Kelley, were present.

There was a great deal of business to come before the board, many districts throughout the county making appeals for one thing or another, and all left apparently satisfied.

The board showed its appreciation of a good thing by appropriating $100 towards the Industrial Edition of The Sun, 20,000 copies of which will be issued in November and distributed at the State Fair and elsewhere. This edition, which will be handsomely printed and profusely illustrated, will contain a complete history of the schools of Alachua county from the time of the inauguration of the public school system many years ago. The article will be compiled in an authentic and interesting manner, and will contain data that cannot help but impress. Many of the temples of knowledge of the county will be reproduced, which will go to illustrate the rapid advancement made by Alachua county along the lines of educaton within the past few years.

Don't be Imposed Upon.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

HAWTHORN NEWS.

School Progressing—A Farewell Sermon—Personal and Local Items.

Hawthorn, Oct. 3—Our school is progressing nicely under Prof. and Mrs. Bell and the pupils all seem to be well pleased.

Julian McRae is at home after a trip over the county as census taker.

Miss Janie Stringfellow is at home from a visit to Mrs. Hogan of Waldo.

Last Sunday Dr. Allen preached his last sermon here for this year. We are sorry to lose him and wish him much success wherever he goes.

Miss Clara Sharman visited Gainesville last week. She was a guest of her sister, Mrs. W. E. Brown.

James Haynes, who has been visiting his father, Rev. L. D. Haynes, has gone to Kanapaha.

We are pleased to note that Miss Ethel Sharman, one of Hawthorn's brightest and prettiest young ladies, secured a first grade certificate in the September examination. This speaks well for the Hawthorn normal as well as for Miss Ethel, for she never had a day's training in any other school. She is teaching at Nocatee as first assistant.

Ernest McRae has gone to Oxford, Ga., to enter Emory College.

We hear that Dr Sipprell is quite sick in Micanopy, but hope soon to learn that he is well.

President Roosevelt will visit New Orleans October 26th. The remainder of the party that accompanies him on the trip will probably go as far as the detention camp and have the President tell them all about it when he returns.

Since the subway saloon in New York, under the patronage of Bishop Potter, has proven a failure, many people have come to the conclusion that the efficacy of the prayers of the Bishop do not quite equal those of less erratic people in the common walks of life.

Mrs. Emma Durse, wife No. 1 of Orrin Durse, sent up in Bibb county, Ga., for bigamy, asks a pardon for her erring spouse. She states that he must have been drunk when he made his second and illegal marriage. No. 1 is said to be a fine looking woman.

"The Katy Flyer" used as an advertisement for the Missouri, Kansas & Texas Railroad, being the picture of Mrs. Lillian Sprague of St. Louis, has been brought more prominently before the public by the recent sensation in St. Louis, when Mrs. Sprague shot at George Martin, her betrayer.

Rev. Joseph Agar Beet, the great Methodist theologian of England, late dean of the Wesleyan College, declares that the dogma of hell is overthrown. "I cannot believe in a material hell and everlasting physical torment," he says. "In fact, the natural immortality of the wicked is not a Christian doctrine at all; it has been incorporated in Christian theology from the Platonic philosophers, but no proof of its truth is found in the Scripture."

The proposed bond issue for sewerage, etc., the election for which will be decided next Tuesday, October 10th, is the all-absorbing topic among the people of Gainesville at present. There is absolutely no opposition to the proposed issue of bonds for sewerage and streets, but considerable opposition is manifested to the issue for purchase of the electric light plant. The advocates of the measure, however, seem to be in the majority at this writing, and unless public sentiment undergoes a material change there is no doubt but that the vote will be in favor of bonds as proposed in the ordinance now appearing in The Sun. A strong argument in favor of the city owning the electric light plant is that the amount paid for lights under the present contract is five per cent on the cost of an up-to-date plant, and under municipal ownership the streets would be much better lighted.

ALACHUA AT THE FAIR.

The county of Alachua will make a fine display at the State Fair, if all work in harmony to that end. While some may think it will not benefit the county in the least, if the effort is successful in bringing a dozen men here to locate, the investment should be considered a good one. The needs of the county, and nearly every county in the State for that matter, are more people to push the resources to their utmost. There are many opportunities for settlers here, as well as room for industries, and the climate is equal to any in the land in regard to healthfulness.

The idea that some have in regard to malaria is a mistaken one. In every new country there is more or less of this trouble, but as the land is cleared up these troubles disappear. Forty and fifty years ago the same trouble was experienced by people who left the New England States and went to the then "far west" of Ohio, Michigan and Indiana. But that is nearly all past, and those people who now come to Florida expecting to find the same conditions, are frequently mistaken. We have a healthy county and we venture the assertion that there has been less malaria in Alachua county the past summer than in any county in Ohio or Indiana. So let us pull for Alachua.

To aid the work of advancing the interests of the county at the State Fair, the Industrial Edition of The Daily Sun will be issued for free distribution at the grounds. It will contain facts regarding Alachua county. Every enterprise that desires to come before the people should take advantage of the advertising columns of the edition. If you have a farm for sale, blooded stock, or anything to sell, send in your advertisement. A one-inch advertisement only costs $2.50 in this edition of 20,000 profusely illustrated papers.

HELP THE ORPHANAGE.

The Sun is in receipt of an appeal from the Orphanage at Arcadia, conducted by the Baptists of the State, and it hopes that all will give heed to the request of this noble institution and remember that we have an opportunity to open our hearts and purses to the needy at our gates as well as those in foreign lands. Following is the letter from the superintendent:

"To the People of Florida: The first Saturday in October is Orphanage Day. By this we mean that we ask the people of Florida, and especially the Baptists of the State, that they will put in that day in work and give the earnings to the Orphanage at Arcadia. This could be made a day of great help and blessing to us. Is it true that some will not think enough of the importance of the matter to send us the earnings of one day? If observed by everyone desiring to do good, the day would bring us hundreds of dollars. Two things we are sure of, one is: we need it; the other is, you can't invest in anything better. Even many Sunday school children might earn something on that day especially to send to us to help in this work and make the day a joyful one to themselves because they were helping to care for the orphan.

"Please remember the first Saturday in October and make it a day of help and blessing to the Florida Baptist Orphanage. S. M. BRAN, Supt.

Arcadia, Fla., Sept. 28."

The Home takes in any white orphans in the State, irrespective of any religious denomination.

INTEREST IN EDUCATION.

We doubt if there is a city in the State that takes the interest in education manifested in Gainesville, and her loyalty to the schools of the city and State is highly commendable, every citizen doing his share cheerfully to promote the welfare of our schools and taking a pride in their advancement.

When we had the East Florida Seminary in our midst it was the pride of all. There was no dissensions—the entire people were proud of it, and they did everything to make a school for the people, where there was no political or denominational lines. It was a high-grade educational institution, with no factions. The people of Gainesville thought they owned it, but it belonged to the State, and when the State abolished it there were many expressions of sorrow to see the dear old place pass into history.

But we have our fine city school building, as fine as any in the State, and on Monday its doors were opened for the education of our young people, and there is a lively interest taken in this institution of learning, which

should certainly be the case, for we have a faculty in charge that is equal to any in the State, composed of instructors of experience, who take as much pride in the advancement of our University High School as the most ardent admirer of our city and its educational advancement

Parents and guardians of children in this and the adjoining counties will find the high school in this city up to the standard of the preparatory schools of the State, where young ladies and gentlemen are fitted for the higher educational institutions or for teaching in the district schools, and where they will have the best of surroundings to be had in any city in Florida.

ANOTHER PENSION SCHEME.

The question of old age pension in the civil service has again come to the fore. There has been formed an organization in the government departments to plead for legislation in that line and the initial meeting has just been held at which the principal address was made by W. E Andrews, the auditor of the treasury. Mr. Andrews urged that the clerks should combine to form a common pension fund, and said that with the rapid increase of the government service the question of superannuation pensions would force itself on the people in a few years. The men in the employ of the government should draw the same pension that a retired workman does in the employ of an individual, and not one cent more. Because a man has had a soft job all his life, is no reason he should be pensioned when he is retired.

Lots of men who have been a failure in their business or profession, get places at Washington, and are in reality pensioners during the time they put in four to six hours a day in the government offices, yet they have the nerve to ask for a pension when retired.

A number of important meetings and conventions will be help in Tampa during the coming State Fair, but none more important than conventions of the poultry breeders and citrus fruit growers of the State. President Brown of the Fair Association has issued a call to poultry breeders to meet at the Tampa Board of Trade rooms on the morning of Tuesday, November 21st, and the citrus fruit growers are expected to meet at the same place on the following day. These meetings are for the purpose of organizing a Florida poultry breeders' association and a Florida citrus fruit growers' association, the object of both organizations to be identical—that of improving conditions in regard to production by interchange of ideas at annual meetings and otherwise and in cooperation at all times in a manner that will insure good prices at all times on poultry and citrus fruits in the markets of the country. All persons interested should write at once to President T. J. L. Brown of the State Fair Association, Tampa. These two organizations are greatly needed at present in the State.

The Italians, who constitute nine-tenths of the cases and deaths from yellow fever at New Orleans, are decidedly stubborn in regard to the habit of cleanliness. They refuse to consider anything in that line, unless ordered by someone in uniform. They are more difficult to handle than the negroes, but it is hoped they have learned a lesson by their recent experience that may be of benefit to them in the future.

BOULWARE SPRING WATER.

No matter if a man only uses water as "a chaser" for something more powerful, the first question he asks on inquiring in regard to a city as a place of residence is: "How's the water?"

And people who come to Gainesville and remain for any length of time, are so favorably impressed by the famous Boulware spring, that they are quick to recognize it as the best to be had, not only in this State, but equal to any in the United States, for it comes very near being absolutely pure.

There is no one but what would enjoy a drink of pure water, when thirsty, and as there will be many strangers at the State Fair in Tampa, it has been suggested that a quantity of the Boulware spring water be shipped there for drinking purposes during the time. It could be kept cool with ice and would be an excellent advertisement for Gainesville.

VISITING OLD HAUNTS.

P. M. Oliver Tells of a Visit to Scenes of His Childhood.

Editor Daily Sun: Having promised quite a number of my old Gainesville friends and hunting companions to let them hear from me while visiting the State capital and the hunting grounds of my boyhood days on the Gulf Coast, I decided to answer all in one brief letter through the medium of The Sun, if you will kindly grant me the space. While sitting on the embankments of this old Spanish fort, situated at the junction of the St. Marks and Wakulla rivers, in the cool shades of the evening, puffing an Old Virginia cheroot and inhaling the pure air, laden with aroma and ozona wafted by gentle breezes from old ocean, and intently gazing on and admiring Old Sol in all his glory and grandeur in a clear and unobstructed sky, gradually sinking and apparently nodding a "good night," disappearing beneath the rolling waves of the Gulf of Mexico, I am perfectly charmed with the surroundings.

One cannot help but be interested in this old Spanish fort of hundreds of bye-gone years, when Spaniard and Indian met in deadly combat in all its uncivilized cruelty, dealing out death to each other with bow and arrow and scalping knife and tomahawk. So much for a brief retrospect of this old Spanish fort at the junction of St. Marks and Wakulla rivers, and now for an account of my trip from dear old Gainesville to Tallahassee.

Leaving Gainesville at 7 a. m., over the Seaboard Air Line, we arrived at the State capital at 3:30 p. m., making time without hitch or hindrance. After putting up at the nearest hotel to the capitol, I went to the nearest barber shop for a shave, returned and donned my best suit to call on friends at the capitol. On entering the first to meet me was Hon. Clay Crawford, Secretery of State, who succeeded his father, that grand old Roman, the late Hon. John L. Crawford. With his arms around my shoulder he marched me into his private office for a social chat. In a few moments I heard the familiar voice of welcome from Miss Clem Hampton, one of the leading educators of not only Florida, but of the South, with genial smile and happy face, characteristic of her nature. I was also made welcome in her office, and in an adjoining office I met our worthy State Superintendent of Schools, W. M. Holloway, and Prof. Kellum. I had a right royal welcome from all and was made to feel at home.

Then I took a stroll down the principal streets, to see how many old, familiar faces I could recognize of bygone days. While I have passed through Tallahassee on several occasions within the past dozen years, this was my first stroll over her beautiful streets and shaded walks for 30 years. And oh, what changes Father Time had wrought—scarcely a familiar face. Old gray-haired citizens, whom I left 30 years ago young men in their prime, came up and introduced themselves to me, and some declared I had changed but little in appearance. It made me feel sad and reminded me of an impromptu verse from old Dr. Pancey, a grand old man of the East Coast, just before his death:

"O, for my youthful days of joy,
When I used to romp, play and sing;
I'd rather be a barefoot boy
Than be a gray-haired king."

Yes, when I look around me and contemplate the number of younger, some older, and all better, men than I am, one by one shuffling off this mortal coil, I'm constrained to think the good Lord thinks a whole big lot of me. Who knows but what he may be holding me over for some wise purpose? Let that be as it may, I'm in no hurry to die, but would like to wiggle along just as I am, in this beautiful old world 999 years longer. I'm acquainted down here, and I fear that in making a change I might strike a hotter climate in the great beyond.

But I am occupying too much valuable space in your paper (the best inland paper in the State), so in conclusion, let me say to the boys that I'm having a great big old time, hunting, fishing and eating oysters with my dear old brother, Capt. James L. Oliver, never forgetting, however, my friends and Gainesville, my dear old home.

Please continue to send The Sun promptly, or I'll have the blues and make for home. Fraternally,

P. M. OLIVER.

TAX-PAYER REPLIES TO MAYOR THOMAS

The Subject of Municipal Ownership From Another Standpoint,

WHICH APPEARS PLAUSIBLE

Says He is No Corporation Attorney and His Pocket-Book Has Never Been Stuffed from Any Source—He Doesn't Like Mud-Slinging.

Editor Sun:

When I wrote the letter for your valuable paper which was published Sunday morning, September 24th, my object was that of showing to the citizens of Gainesville the result of municipal ownership of electric lighting plants in other places and the danger of entering into such a scheme in as small a city as ours, especially when the yearly revenue is so small, and an undertaking of this kind would only be a large increase of taxation. In last Sunday's paper my friend, Major-Mayor W. R. Thomas sees fit to accuse me of being a corporation attorney, which, to my deep regret, I am compelled to refute, for a position of that kind at the present day means great power and rich fees, and can testify to the fact that my pocket-book has never been stuffed from any such source. Were it possible for the Major-Mayor to secure such a place for his tool, the attorney who writes his effusions for him (and he was brainy enough to hold it), it would be of benefit to more than one. One of the greatest signs of weakness in any argument is that of resorting to mud-slinging and personalities, and I am surprised that the Major-Mayor, in editing the letter, did not cut out this part, for it is well known that he is an astute, shrewd politician, and one who would not care to lay himself open for that kind of a discussion.

I notice that the Honorable Major-Mayor begins several of his sentences with "We," and as this style, in the singular, is supposed to be the prerogative only of editors, kings, emperors and czars, and as it is known that the Major-Mayor is not at present an editor, he must claim it with the feeling that he is the Czar of Gainesville, and as such the common people must do his bidding without a murmur or any back talk. I feel sorry that ("we have neither time nor space at our command," to quote from the Major-Mayor's letter) it was impossible to refute the plain truths and figures shown in my first letter, for I can see how it hurts. However, the Major-Mayor goes on to say that if a private concern is profitable, it must be as a municipal concern. Suppose we admit that a private utility is profitable, it by no manner of means is a certainty it will be for a municipality. Why? First, municipal ownership means socialism, and that socialism means loss of private initiative, and the abolition of the spirit of competition, and of that wholesome, sturdy independence of character which characterizes our civilization and which is generally esteemed essential to its further development and well-being. But the monied objection is, that municipal ownership means the handling of thousands of dollars by those in power who have little or no knowledge of the utility they have in charge, owing to the fact of frequent elections, making such short terms of office, that no one set of officials remain in power sufficiently long to master, or learn, the correct mode of conducting the business, and consequently the results are loss and waste of the people's money, but the scheme enables the bosses to fill offices and secure a firmer hold on power. Here in Gainesville, the Major-Mayor's boasted stock company of the laborer and the millionaire, would, taking the results of other places as known by their own experience and figures, resolve itself into an overburdened, tax-ridden and bankrupt community.

As I am not a corporation attorney, must be a property owner, and feel that I have a perfect right to object, when my taxes are increased by the vote of those who have no realty holding in the city, but are influenced to vote for a bond issue, with the idea they will profit by it, either in having an office or increase of daily pay for a short time. I would like to ask one question of the Major-Mayor, and that is this: Outside of himself and others holding large tracts of city property for sale, or real estate agents, who else have been active in pushing this question of a burden on the people?

As it is the fashion to make references to the Bible, so I wish to quote the following from the thirty-fifth Psalm, twenty-fifth verse: "Let them not say in their hearts, There! There! *So would we have it*: Neither let them say, We have devoured him."

CLERK BOARD OF HEALTH SAYS PE-RU-NA HAS BECOME THE FAMILY MEDICINE OF THE WORKING PEOPLE IN HIS CITY.

Mr. C. D. Taylor has been Clerk of the City Board of Health, Jacksonville, Fla., for ten years, which position has afforded him amply opportunity for noting the best means of preventing and curing disease.

He expresses his approval of the use of Peruna as the most effective means of solving a problem of such vital interest to the community in the following letter:—

"The health of the poor of a large city is always a question of vital interest, not only to the city officials but to every citizen. It has been a source of much satisfaction to me to find that so large a number of working people in moderate circumstances have accepted Peruna as their family medicine. It has cured a large number of cases especially of catarrh of the head, lungs and stomach and building up the general health it cannot fail but prove a help and blessing to any community where it is generally adopted and used I have found it an honest, reliable remedy and am pleased to endorse it."—C. MEETING BOARD OF TRADE.

J. R. Feaster Wants to Sub-Lease Fishing Grounds at Alachua Sink.

A regular meeting of the Gainesville Board of Trade was held yesterday afternoon and a fair membership was present.

In the absence of the President, Hon. W. G. Robinson, and Vice-President W. R. Thomas, Senator H. H. McCreary was called to the chair.

J. R. Feaster submitted a proposition to sub-lease the Alachua sink properties. Mr. Feaster is engaged in the fishing business for a livelihood and is desirous of securing same. It appears that the Gainesville Board of Trade holds the rights from the owner, W. N. Camp of Ocala. Mr. Feaster proposed to the Board of Trade to supply camping paraphernalia, fishing tackle and all things that go to make fishing and hunting trip a success, at reasonable prices, if the board would give him the exclusive fishing privilege.

After considering the matter, the same was left to a special committee, who will decide upon the case. E. E. Voyle is chairman of the committee.

OFF TO CAMP.

The Gainesville Guards Will Take Special Train to Orlando Today.

The Gainesville Guards, Company H, Second Infantry, Florida State Troops, will take their departure this morning by special train for Orlando, where they will be in camp for the next ten days.

The special train will be via the Atlantic Coast Line, and will leave at 5:30 o'clock, connecting at Rochelle with the special military train. At this point the coach assigned to the Guards will be attached to the main line train.

The company is a full one, and is under command of Captain C. R. Layton and Lieutenant J. W. Blanding, with the following non-commissioned officers: First Sergeant B. Carpenter; Sergeants C. E. Boyd, J. M. Carlisle, F. S. Roux, S. L. Carter, Jr., and W. D. Blake, quartermaster-general; Corporals C. C. Chitty, W. J. Holly, M. G. Stringfellow and E. B. Baker.

CITIZENS HAD GOOD MEETING

Many Responded to Invitation of Mayor Thomas Wednesday.

BOND ISSUE WAS DISCUSSED

Several Spoke—All in Favor of Bonds, but One Speaker Objected to Lighting Clause and Gave Reasons—Executive Committee Appointed.

In compliance with the call of Mayor W. R. Thomas, a large crowd of representative citizens convened at the court house last night for the purpose of discussing the bond issue, the election for which occurs on the 10th inst. In the audience there were several ladies, which was evidence that the bond issue is a prominent one at this time.

The meeting was called to order by Mayor Thomas, who was elected chairman. H. H. McCreary was selected secretary.

Chairman Thomas stated that the meeting was called for the purpose of hearing from the citizens in the matter of the proposed issuance of bonds for the purpose of sewerage, paving and lighting, and the erection of a hospital. He asked those who felt inclined to talk to do so, either for or against the issue. After a brief silence, the chairman called upon Dr. J. Harrison Hodges, who "set the ball rolling" with an enthusiastic argument in favor of bonds.

Following Dr. Hodges, Dr. J. F. McKinstry, who is regarded as one of the most progressive citizens of the city, made a few appropriate and timely remarks in favor of bonds. He was followed by L. J. Burkhim, who stated that his heart and soul was for Gainesville's interests. He believed in bonds, but regretted that the ordinance was so framed that a voter was compelled to cast his ballot for or against the entire issue. He believed in sewerage, streets and hospital, but was not so certain about the municipal ownership of a lighting plant in competition with a plant which was already furnishing good service, and he could not see sufficient patronage for two plants. That was his only objection to municipal ownership.

Attorney Robt. E. Davis, in an eloquent address, stood up for bonds. He cited Tallahassee to show that municipal ownership of the electric light plant paid there at a charge of only ten cents per kilowat, notwithstanding it had to compete with a gas plant. He also read from the report of the Jacksonville electric light plant, showing that the same paid handsomely at 7½ cents per kilowat, in competition with a gas plant. His speech was well received, and at the conclusion was heartily applauded.

Chairman Thomas invited any others present who desired to express themselves, but there being no others, a motion was made that a committee of ten be appointed by the chair to serve as an executive committee in this campaign. This motion was unanimously carried, and the chairman stated that the committee would be appointed today.

There being no further business, the meeting adjourned.

ICE CREAM SUPPER.

People of Rochelle Will Hold Benefit for Piano Tomorrow.

The good people of Rochelle, always up with the times, and desirous of relieving the indebtedness on the piano now being used in Martha Perry Institute, have decided to give an ice cream supper Friday evening, the 6th inst., at that place, the proceeds of which will be used for payment on the piano.

An appropriate program will be arranged, and altogether the affair promises to be an enjoyable one. The public is cordially invited to come and help in a good cause.

Will Become a Benedict.

Homer T. Welch, well and pleasantly known in this city as an erstwhile agent of the Southern Express Company, and who made many friends here, is soon to become a Benedict, his engagement to Mrs. Alice Dollaway of Muncie, Ind., having been announced. The marriage will occur at Sarasota, the Southern home of the bride, on the evening of Wednesday, October 11.

Mr. Welch's numerous friends in this city will extend congratulations in advance.

MONTHLY MEETING OF CITY COUNCIL

Large Number of Bills Were Paid at October Meeting.

A WAR ON ENCROACHMENTS

The Council Has Decided to Clear the Streets of Obstructions and Instructions Were Issued to Straighten Certain Streets—Other Business.

The regular monthly meeting of the City Council was held Monday evening, at which a full board was present with the exception of Alderman Cushman, who was absent from the city.

After the reading and approval of the minutes of the last meeting, the tax books for the year 1905 were taken up and examined, found correct and adopted.

Alderman Edward O'Neill, chairman of the committee on appropriations, made the following recommendations for amounts to be assessed out of the general fund:

Redemption bonds, 3 mills; officers' fund, 3 mills; sanitary fund, ½ mill; light fund, 3½ mills; printing fund, ½ mill; fire fund, 4 mills; street fund, 4½ mills; cemetery fund, ½ mill; contingent fund, ½ mill. Upon motion of Alderman Taylor this recommendation was accepted.

Following this was the reading and payment of a large number of bills.

The council discussed at some length the matter of encroachments upon certain thoroughfares in the city and a resolution was passed that the mayor or the chairman of the street committee instruct the officers to remove the following encroachments:

On Magnolia street, from its intersection with West Main street to its intersection with Arredondo street; Garden street, from its intersection with Union street to its intersection with Lemon street. The mayor or chairman of the street committee was empowered to employ a surveyor to locate the street lines, if necessary.

After the transaction of some minor business, the council adjourned.

Dr. N. J. de Leon, second health officer of the port of Havana, is in Tampa to study the situation as to the necessity of quarantine restrictions.

AN ENJOYABLE AFFAIR.

CORDIAL INVITATION

ADDRESSED TO WORKING GIRLS

Miss Barrows Tells How Mrs. Pinkham's Advice Helps Working Girls

Girls who work are particularly susceptible to female disorders, especially those who are obliged to stand on their feet from morning until night in stores or factories.

Day in and day out the girl toils, and she is often the bread-winner of the family. Whether she is sick or well, whether it rains or shines, she must get to her place of employment, perform the duties exacted of her—smile and be agreeable.

Among this class the symptoms of female diseases are early manifest by weak and aching backs, pain in the lower limbs and lower part of the stomach. In consequence of frequent wetting of the feet, monthly periods become painful and irregular, and frequently there are faint and dizzy spells, with loss of appetite, until life is a burden. All of these symptoms point to a derangement of the female organism which can be easily and promptly cured by Lydia E. Pinkham's Vegetable Compound.

Miss Abby F. Barrows, Nelsonville, Athens Co., Ohio, tells what this great medicine did for her. She writes:

Dear Mrs. Pinkham:—

"I feel it my duty to tell you the good Lydia E. Pinkham's Vegetable Compound and Blood Purifier have done for me. Before I took them I was very nervous, had dull headaches, pains in back, and monthlies were irregular, I had been to several doctors, and they did me no good.

"Your medicine has made me well and strong. I can do most any kind of work without complaint, and my periods are all right.

"I am in better health than I ever was, and I know it is all due to your remedies. I recommend your advice and medicine to all who suffer."

It is to such girls that Mrs. Pinkham holds out a helping hand and extends a cordial invitation to correspond with her. Her long record of success in treating woman's ills makes her letters of advice of untold value to every ailing working girl, and from her wide experience and skill she quickly points the way to health. Her advice is free, and all letters are held by her in the strictest confidence. Address, Mrs. Pinkham, Lynn, Mass.

MELROSE MATTERS.

An Enjoyable Surprise—Mrs. Mahoney Severely Injured—Brief Notes.

Melrose, Oct. 3.—The members of the M. E. Church and their friends, wishing to show their deep appreciation of the hard and earnest work of their beloved pastor, Rev. T. J. Sistrunk, who has just closed a series of most successful revival meetings here, thereby bringing a large number of new members into the church, arranged a surprise pound party on Saturday evening for him and his good wife on their return from a well-earned rest and vacation trip down South. Everybody worked with a will to do their best, the result being a most beautifully arrangad supper table, decorated with lovely flowers and laden with all manner of delicious food. A crowd of over sixty friends were present to welcome their pastor and his wife and help them do justice to the sumptuous supper. Rev. Sistrunk was greatly touched by this evidence of good will and friendship, and closed the pleasant evening by reading a few verses from the Scriptures and a most beautiful prayer. Everyone went home feeling happier for the earnest "God bless you" from such a good man.

The many friends of Mrs. Mahoney will be sorry to hear that she met with a serious accident last week by falling through the rotten platform at the crossing station at Newberry, just as she was ready to board the train for Hampton. Mrs. Mahoney was examined by physicians called on her arrival at Hampton. It was found that her hip bone was broken. It is to be hoped that she will soon be able to join her husband at Sanford.

All are invited to attend the cemetery working on October 9th.

BIG COTTON POOL FORMED.

Will Operate for the Purpose of Raising Price of Staple.

New Orleans, La., Oct. 3.—Frank B. Hayne, the noted cotton bull operator, returning to New Orleans, after a three month's absence on the floor of the New York cotton exchange, declared that the bull pool now operating to raise the price of cotton is the richest pool ever organized in America, and is amply able to do what it has set out to accomplish.

Hayne's statements regarding the pool have broken the mystery which surrounded the new aggregation which expects to put cotton at the top nitch. Heretofore the great secrecy has been mainained regarding every detail of the pool's personnel and movements, and even Mr. Hayne was not ready to give the whole matter to the public.

He stated, however, that the pool was not composed of southern men, although many New Orleans men, he declared, are very bullish on cotton. Mr. Hayne would not admit nor deny that he was in the pool himself, but stated that his ideas were in line with the ideas of those in the deal, which was that cotton is cheap at the present price, and that during no month of the coming year will the staple sell for less than 10 cents.

Hayne estimates the crop at 10,500,000 bales. The demand, he says, will be enormous.

Officials Plead Not Guilty.

Milwaukee, Wis., Oct. 3.—Thirty-eight indicted officials against whom are hanging 172 indictments returned by the last grand jury before Judge Brazee in the municipal court today, and entered plea in nearly each case of not guilty. In the list are 13 former supervisors, 11 supervisors, three members of the fire department, two newspaper reporters, a state senator, a state assemblyman, an alderman and an ex-alderman and nine business men. The work of arraigning the defendants was not concluded until a late hour. Several of the defendants demanded an immediate trial. The cases pending, together with the list returned by previous juries, it is believed, will require two or three years to dispose of.

Your Life Current.

The power that gives you life and motion is the nerve force, or nerve fluid, located in the nerve cells of the brain, and sent out through the nerves to the various organs.

If you are tired, nervous, irritable, cannot sleep; have headache, feel stuffy, dull and melancholy, or have neuralgia, rheumatism, backache, periodical pains, indigestion, dyspepsia, stomach trouble, or the kidneys and liver are inactive, your life-current is weak.

Power-producing fuel is needed; something to increase nerve energy—strengthen the nerves.

Dr. Miles' Restorative Nervine is the fuel you need. It feeds the nerves, produces nerve force, and restores vitality.

"When I began taking Dr. Miles' Restorative Nervine and Anti-Pain Pills I was confined to my bed. I had severe nervous spells, the result of two years illness with malaria. I gradually grew so weak that I was unable to sit up. The spells would commence with cold chills, and I would become weak and almost helpless. My circulation was poor. I had doctored right along but grew weaker and weaker. The Nervine seemed to strengthen me right away and my circulation was better. I have taken in all seven bottles of the Nervine, and I am entirely well."

ANGEROUS KNIVES THESE PEOPLE USED

uel Between Micanopy Negroes With Fatal Results.

OTH MEN ARE BADLY CUT

It is Alleged That Men Fell Out Over a Woman and This Man Attempted to Take Life of the One Whom He Had Wronged.

formation has just reached this of a fatal cutting affray at Micaopy, which resulted in the serious unding of John Reeves and Henry mith, both colored.

It seems that a few weeks ago a quarel occurred between John Reeves and his wife over Smith, whom Reeves accused of "stealing his wife away." After the quarrel, it is alleged, the woman did leave her husband and seek the protection of Smith, who declared that she was ill treated and that he would stand by her as a friend.

It is said that Smith, feeling very much incensed at the treatment of the woman by her legal husband, waylaid Reeves on a lonely road, and while he was on his way home assaulted him with an ugly knife. Reeves evidently was looking for trouble, for Smith received about as good as he sent, and both men were severely cut about the face and body.

Smith made his escape after committing the assault, but became so weak from the result of his wounds that he sank down a few hundred yards from the spot where he was arrested. He seemed to be really the worst for the fight, as it was necessary to take him to the physicians to sew up his wounds, twenty-two stitches having been taken.

Smith is still in jail at Micanopy, as he is not able to come to court. As soon as his wounds sufficiently heal he will be arraigned before Justice Smith.

Reeves' condition, while painful, is not so serious.

Doctors Said He Would Not Live.

Peter Fry, Woodruff, Pa., writes: "After doctoring for two years with the best physicians in Waynesburg, and still getting worse, the doctors advised me if I had any business to attend to I had better attend to it at once, as I could not possibly live another month as there was no cure for me. Foley's Kidney Cure was recommended to me by a friend, and I immediately sent my son to the store for it, and after taking three bottles I began to get better, and continued to improve until I was entirely well." J. W. McCollum & Co.

LICENSES BEING PAID.

County and City Collector Have Been Busy for Past Two Days.

County Tax Collector Dickinson and City Tax Collector Ellis have been busily engaged for the past two days issuing licenses, or more appropriately speaking, occupational taxes. The law provides a tax for almost every conceivable occupation, and only the laborer and the domestic escapes.

A great many licenses have been paid, which has caused a rush in both the county and city collectors' offices. Both officials, however, do not object to this, for they are gratified to know that those engaged in business have the willingness and the money to pay.

The revenue derived from city licenses in the course of a year amount to considerable and go a long way towards defraying the operating expenses of the municipality.

Cures Chills and Fever.

G. W. Wirt, Nacogdoches, Texas, says his daughter had chills and fever for three years; he could not find anything that would help her till he used Herbine. His wife will not keep house without it, and cannot say too much for it. 50c. Sold by W. M. Johnson.

What Has Happened and What is Going to Happen Told in Short Paragraphs So That "He Who Runs May Read" it in The Sun.

From Tuesday's Daily Sun:

The City Council met in regular monthly session last night.

Joseph Chesser of LaCrosse was trading in the city yesterday.

Mrs. T. N. Smith of Central was shopping in the city yesterday.

Mrs. J. H. Patterson of Orange Heights is in the city, a guest of the Magnolia.

Mr. and Mrs. B. D. Hiers and child of Cadillac were visitors to this city yesterday.

Mrs. Ida Paschall of Melrose has returned to her home, after a pleasant visit to friends here.

E. W. Millican, the naval stores operator of Waldo, was transacting business in this city yesterday.

C. D. Dennis of the Dutton Phosphate Company, Dutton, was a business visitor to this city yesterday.

W. L. Godwin of Fairfield is spending a few days in High Springs as the guest of his brother, E. B. Godwin.

G H. Fowler, J. A. Ward and W. E. Hodge of Bell formed a trio of West End visitors to this city yesterday.

Dr. O. S. Clyatt and wife of Judson were among the prominent West Enders who visited the county capital yesterday.

Friends of Miss Fannie Wells are glad to see her out again, after an illness af several days which confined her to her room.

F. J. Hammond of Hawthorn, one of the solid merchants and business men of the East End, was a visitor to this city yesterday.

Green Chaires of Old Town, one of the most widely known residents of that section, was transacting business in this city yesterday.

Marcus Endel has returned from New York, where he went to purchase his regular fall and winter line of clothing and gents' furnishings, etc.

Miss Nannie Smith of Wacahoota has entered the University High School, and will make her home for the term with Mr. and Mrs. C. C. Pedrick.

J. M. Mathews of Flemington was in the city yesterday. He was accompanied by his son, Raymond, who will attend the University High School this year.

Mrs. H. T. Chesnut and daughter, Miss Ellen, of Kanapaha, have returned to their home, after a brief but pleasant visit to Mrs. W. T. Chesnut, this city.

Justice R. W. Small of Hague was transacting business in this city yesterday. Judge Small declares matters are "distressingly" dull in his court at this time.

LABOR Contracts, just the thing for farmers and turpentine men, 50c per dozen, $2 for 50, or $3 per 100. Cash in hand with order. Address, THE SUN, Gainesville, Fla.

Mrs. M. B. Saunders left yesterday for Live Oak, having been summoned on account of the serious illness of her sister. It is hoped she found the condition of the patient improved.

F. F. Paulling of Hawthorn, the efficient member of the Board of County Commissioners from that district, is in the city for the purpose of attending the meeting of the board.

Mrs. John Morrow and family of Tioga have taken up their home in this city and are pleasantly located at the home of Mrs. Whetstone. Mrs. Morrow came for the purpose of placing her children in the University High School.

M. D. Bryan and son, M. D., Jr., were in the city from their home at Alachua yesterday. Mr. Bryan states that the cotton is open in the fields, but it is difficult to secure labor. He came to Gainesville in an endeavor to hire pickers.

M. E. Jelly has moved his family to the city from Orange Heights, and will occupy the Pearce boarding house. He came to the city for the purpose of giving his children an opportunity to attend the public schools, and will have accommodations for a few boarders.

The time is drawing near for the appearance of the Industrial Edition of The Daily Sun, and it is the aim to have every manufacturing institution in the county represented in its columns. If the edition interests you, send in your favors.

Yesterday was legal salesday, being the first Monday in the month, but matters were quiet about the court house, nothing out of the ordinary seeming to occur. It was also rule day, but Judge Mason being absent from the city there was nothing doing in this line. Altogether, save the meeting of the county commissioners to receive the tax books, the court house corridors presented the usual appearance.

Mrs. O. B. Bailey and brother, Chas. C. Warren, have returned from Jacksonville, where they went to consult a specialist in the case of the latter, who was supposed to be suffering from an abcess of the face. Dr. Drew, however, greatly encouraged the patient by assuring him there was no indication of an abscess other than a slight inflammation, and expressed belief that the trouble could be removed without the aid of a surgical instrument. Friends of Mr. Warren will be glad to learn that he is very much improved.

From Wednesday's Daily Sun:

M. A. Densler of High Springs was a visitor to the city yesterday.

Miss Sallie Perry of Rochelle was shopping in the city yesterday.

J. E. Futch has returned to Alachua, after a short visit with his family here.

J. J. Call and Richard Starling of LaCrosse were trading in the city yesterday.

Frank Irwin, the merchant of Fairbanks, was a business visitor to this city yesterday.

Richard Hadsock of Alachua was among those who paid Gainesville a visit yesterday.

G. W. Roland of Alachua was in the city yesterday, and made The Sun an agreeable call.

J. R. Cathcart, a prosperous merchant of High Springs, was a business visitor to this city yesterday.

J. M. Turner and W. S. Jackson of Lake View were in the city yesterday and made The Sun an agreeable call.

J. O. Sykes of Wacahoota, agent of the Gainesville and Gulf at that point, was a business visitor to this city yesterday.

Among the prominent farmers visiting Gainesville yesterday was W. J. Hodge of Alachua, who is one of the most successful in the county.

Edward Osteen of Willeford, J. J. Haymans of Lochloosa, and Justice J. W. Drummond of Trenton were among the visitors to Gainesville yesterday.

Mr. and Mrs. F. D. Warner have returned from a pleasant visit to relatives of the former at Chicago, Ill. They report a most enjoyable outing.

Miss Ida Little of Sumner is among the students at the University High School. Miss Little will reside with Mr. and Mrs. C. C. Pedrick while here.

S. H. Benjamin, Justice J. W. Smith of Micanopy; J. M. Haile of Alachua and J. H. Rollins of Rochelle were among the visitors to this city yesterday.

MOBILE, ALA., Dec. 24, 1899.

Dr. E. W. Hall, St. Louis, Mo.—Dear Sir: Having tried different doctors and their remedies for several years for back and kidney troubles, I found nothing successful until taking "The Texas Wonder," Hall's Great Discovery, and, being rapidly cured, the old saying with railroad men is "God bless the man who invented the Pullman sleeping car," but I say "God bless the inventor of Hall's Texas Wonder."

Yours truly,
W. B. CLARK,
M. & O. R. R. Co., Mobile, Ala.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 620, St. Louis, Mo. Send for testimonials. Sold by all druggists.

H. F. Townsend and T. L. Brown, two progressive citizens of High Springs, were in the city yesterday. They are good friends of The Sun, and favored this office with a call.

John Day of High Springs is in the city. Mr. Day is a fine painter in the employ of the Atlantic Coast Line at that point, and was sent here to superintend the repainting of the coaches of the Gainesville and Gulf Railway, now in the shops.

Rev. W. J. Martin, member of the school board, was in town yesterday attending to his official duties. Mr. Martin is one of the most popular men of the Western Reserve and is held in high esteem both as a minister of the gospel and citizen.

Mr. and Mrs. J. W. McDowall of Newberry arrived in the city yesterday, and will make this their future home. Mr. McDowall's duties necessitate his presence at Newberry, but he will come in every week. This family will be gladly welcomed to Gainesville.

Hon. T. A. Doke of Monteocha, one of the most widely known residents of that section and an efficient member of the school board, was in the city yesterday for the purpose of attending the regular monthly meeting of the board. He was accompanied by his son, John, who will remain here and attend the University High School.

Hon. R. B. Weeks of Hawthorn, chairman of the school board, was in town yesterday, having come to attend the regular meeting of that body. "Uncle Bob," as he is familiarly known to his old friends, is one of the best men in the county and has served the people faithfully for a number of years as county commissioner and member of the school board.

George P. Morris and Dr. J. M. Boring represented Waldo in this city yesterday. Mr. Morris is the hustling agent of the Prudential Life and other reliable insurance companies, and is enjoying a good business, if appearances count for anything, for he is as "fat and sleek" as the proverbial butter-ball. Mr. Morris was en route to Fort White, where last night he was present and assisted in installing a lodge of Rathbone Sisters, the feminine branch of the Knights of Pythias.

Deputy Sheriff G. W. Livingston of Newberry was among those who paid Gainesville a visit yesterday. He came on official business.

Wm. O. Brewer of Williston was a visitor to this city yesterday. He came on business connected with the United States land office.

E. C. Cobb, the clever and efficient agent of the Seaboard Air Line at this point, expects to make his departure today for New York and other points on his annual vacation. He expects to be absent several weeks.

Miss Maria Strickland of Paradise was in the city yesterday. Miss Strickland, on her return home, was accompanied by her brother, Milton Strickland, who has been under treatment for his eye in this city for the past few days.

Mr. and Mrs Jesse C. Clark and daughter, Miss Lillian, have returned from Richmond, Lawrenceville and other points in Virginia, where they have spent a delightful summer. Friends are glad to see them at home again.

C. C. Powell expects to make his departure today for Winston-Salem, N. C., where he has accepted a lucrative traveling position with a furniture concern. D. D. Powell will also be with the firm, and expects to leave in a few days.

Perry M. Colson has returned from Ebenezer, where he went on the sad mission of attending the funeral of his brother-in-law, Rev. Mr. Holbrook, the death of whom occurred at the home of the deceased in Hampton on Sunday evening.

200 Note Heads and 100 Envelopes with your name and business printed thereon, delivered to any part of the United States on receipt of $1.25. Cash must accompany order. Positively no credit to any one. Address The Sun, Gainesville, Fla.

J. P. Lynch, who recently purchased the big cypress mill of the Alachua Cypress Company on Newnan's lake, is in the city. Mr. Lynch is working a large force of hands on full time. The capacity of his mill is 18,000 feet per day, and he finds a ready market for his products.

Captain and Mrs. C. B. Wingate have gone to Winter Garden, Orange county, where they will in future make their home. Mr. and Mrs. Wingate were for many years residents of Gulf Hammock, where they were engaged in the hotel business. They recently sold this property to other parties.

A number of young people gathered at the home of Mrs. M. A Easterlin, 209 West Orange street, Tuesday evening, and participated in an old-time party, and after a couple of hours delightfully spent all returned to their homes, feeling that they were indeed fortunate in being among the invited guests.

L. A. Jernigan has sold to Mrs. Mattie L. Browne his house and lot on the corner of East Magnolia street and South Oak avenue. The house is a comfortable one, containing six rooms. The lot is 50x100 feet. Mrs Browne and family will move into their new home as soon as necessary repairs can be made.

Notice to the Public.—We will sell at Lennon, Fla., Monday forenoon at 10 o'clock sharp, on October the 16th, forty-eight head of fine mules and two horses at public auction to the highest bidder. Lennon is centrally located on the Seaboard Railway, between Bronson and Otter Creek, in Levy county. Fowler & Son.

Friends of Dr. and Mrs. William Sutherland of High Springs will regret to learn that their infant son, Frederick William, is ill in Live Oak. The child was attacked with congestion of the bowels several days ago, and is regarded by the attending physicians as being in a critical condition. Dr. and Mrs. Sutherland, as well as the child's aunt, Mrs. M. B. Saunders of this city, are in Live Oak.

Among the visitors to this city for the past day or two was Captain J. S.

Dupuis of Bland, one of the most widely known and prominent men in that section. Captain Dupuis states that the farmers as a rule are prosperous, but have lost heavily on cotton, since the inclement weather and caterpillar, combined with the rust, have knocked them out. The crop will not run over sixty-five per cent in the West End, which means a net loss to the grower of thirty-five per cent. Other crops, with the exception of corn, are good, and the planters are satisfied with the result.

Prof. C. Franklin, the eyesight specialist and oculist, has returned from Alachua and other points, and will remain at the Brown House, this city, today and tomorrow, the 5th and 6th inst. Those who have not called on him now have another opportunity to correct their defective eyes. All work guaranteed. Prof. Franklin will observe the following dates, and the public will be governed accordingly: Alachua, Sheffield House, Saturday and Monday, October 7 and 9; High Springs, Casey House, Tuesday and Wednesday, October 10 and 11; Newberry, Commercial House, Thursday and Friday, October 12 and 13; Archer, Magnolia Hotel, Saturday, October 14. Remember the dates.

Cotton Growers, Attention.

All interested in the Cotton Association of Alachua county, and who have interests along this line to look after, are invited to attend a called meeting to be held in the village of Alachua on Saturday, October 14th, at 11 a. m. All farmers of Levy, Marion, Bradford and Columbia counties who are interested in Sea Island cotton are invited to attend.

J. S. DUPUIS, President.
E. B. LEWIS, Secretary.

Always Liberal to Churches.

Every church will be given a liberal quantity of L. & M. paint. Call for it.

4 gallons Longman & Martinez L. & M. paint mixed with three gallons linseed oil will paint a house.

W. B. Barr, Charleston, W. Va., writes: "Painted Frankenburg block with L. & M. Stands out as though varnished."

Wears and covers like gold.

Don't pay $1.50 a gallon for linseed oil, which you do in ready-for-use paint.

Buy oil fresh from the barrel at 60 cents per gallon and mix it with L. & M.

It makes paint cost about $1.20 per gallon.

Sold by S. J. Thomas, Gainesville; J. C. Bishop, Alachua.
